

THE REWARDS OF LEARNING

SPRING SEMESTER 2019

 **CONTINUING EDUCATION &
COMMUNITY ENGAGEMENT**
THE UNIVERSITY OF UTAH

A BRIGHT FUTURE

Ghandi once declared that the future depends on what we do in the present. By taking the time to learn, evolve, and better ourselves today, we pave the road for a brighter future. And when it comes to making great use of the present, look no further than Academic Noncredit classes at the University of Utah.

- Immersive, hands-on classes in your choice of dozens of fascinating subjects.
- The same semester-long classes college students take as they work for their degrees without the stress of grades or tests.
- All classes taught by experienced University of Utah professors.
- Save money. Academic Noncredit classes cost, on average, 70% less than if you were taking the class for credit.
- You don't have to be a matriculated University of Utah student to enroll—anyone 18 and over can sign up.

Today is your day to do something amazing. In fact, the future depends upon it.

Experience the Rewards of Learning. Enroll Today!

Skiing is all about finding and maintaining a balance, while seeking harmony with my body, my skis, the snow conditions, and the steepness of the slope. When skiing, I must remain grounded in the present moment. If my mind starts to wander, I have a good chance of losing my balance and falling.

GAINING CONFIDENCE

I used to be crippled with shyness. Meeting people made me so nervous that I wished I could disappear. You'd think being thrust on a stage in front of people would be the last thing that would help, but acting classes built my confidence like nothing else ever has and taught me techniques that allow me to express myself—both in a scene and in real life.

LEARNING REWARD

#315

POPPING AND LOCKING

Hip Hop dancing started as an art form for the people, a way for those with no professional dance training to express themselves through movement. I love how there's no age limit or body type requirement, I just let myself go, and in doing so, I get the most fun, full-body workout I've ever had. It's completely addicting.

LEARNING REWARD

#670

CONQUERING FEARS

Just because it's winter doesn't mean you can't get outside for a climb. I'm not trying to make a bad pun, but there really is something cool about the solid thunk of the axe and the grip of the crampons when climbing on ice. Sure, it's not for the faint of heart or weak of spirit, but those who conquer an ice climb experience a unique feeling of satisfaction.

IS THERE
SOMETHING
YOU NEED
TO FINISH?
return.utah.edu

Ready to finish your degree? The Return to the U Program helps students who left the University, or who have some college experience but no degree, return to successfully complete a Bachelor's degree. We recognize that going back to school can feel overwhelming. With flexible options, specialized advisors, and a team of people to cheer you on, we will help you get to the finish line!

Take the first step by making an appointment with your Return to the U Student Success Advocate, who will coach you through the process of re-enrolling and connect you with available resources. You've got this! **return.utah.edu // 801.581.1846**
