General Information

The GRE® revised General Test and GRE® Subject Tests are taken by individuals applying to graduate programs in natural sciences, engineering, social sciences, business, humanities and arts, education, and other fields. For more than 60 years, GRE scores have been used by admissions and fellowship panels at thousands of graduate and business school programs around the world to supplement an applicant’s undergraduate grades and other qualifications for graduate study.

GRE® revised General Test

The GRE revised General Test measures verbal reasoning, quantitative reasoning, critical thinking and analytical writing skills—skills that have been developed over a long period of time and are not related to a specific field of study, but are important for all. The test closely aligns with the types of skills that are required for success in today’s demanding graduate and business school programs.

In most regions of the world, the test is administered throughout the year on computer at Prometric test centers. The computer-delivered test may also be offered on specific dates at additional testing locations outside of the Prometric test center network. Visit www.ets.org/gre/centers to see available test centers and dates for all computer-delivered testing locations.

In areas of the world where the computer-delivered test is not available, a paper-delivered format of the test is administered up to three times a year in October, November and February. Visit www.ets.org/gre/centers to see available test centers and dates.

The GRE revised General Test is composed of Analytical Writing, Verbal Reasoning and Quantitative Reasoning sections. Testing time is listed below.

Computer-delivered Test

Analytical Writing: one section with two separately timed writing tasks—30 minutes per task
Verbal Reasoning: two 30-minute sections—25 questions per section
Quantitative Reasoning: two 35-minute sections—20 questions per section

In addition, an unidentified unscored section may be included and may appear in any order after the Analytical Writing section. It is not counted as part of your score. An identified research section that is not scored may be included in place of the unidentified, unscored section. The research section will always appear at the end of the test. For more information about the content of the computer-delivered GRE revised General Test, visit www.ets.org/gre/general/content.

Paper-delivered Test

Analytical Writing: two sections, each with one writing task—30 minutes per section
Verbal Reasoning: two 35-minute sections—25 questions per section
Quantitative Reasoning: two 40-minute sections—20 questions per section

For more information about the content of the paper-delivered GRE revised General Test, visit www.ets.org/gre/general/content.

GRE® Subject Tests

The GRE Subject Tests measure achievement in specific subject areas and assume undergraduate majors or extensive background in those disciplines. These tests are available in the following disciplines:

- Biochemistry, Cell and Molecular Biology
- Biology
- Chemistry
- Literature in English
- Mathematics
- Physics
- Psychology

GRE Subject Tests are paper-delivered tests administered worldwide up to three times a year in September, October and April. Testing time is 2 hours and 50 minutes. Visit www.ets.org/mygre to see available test centers and dates. For more information about the content of each of the GRE Subject Tests, visit www.ets.org/gre/subject/content.

Test Registration

Registration Checklist

☐ If you have health-related needs that require you to bring equipment, beverages or snacks into the testing room or to take extra or extended breaks, you need to follow the accommodations request procedures described in the Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs, which is available at www.ets.org/gre/disabilities.

☐ Review the fees on page 10 and read the reschedule and cancellation policies on pages 8-10.

☐ Read and understand the ID requirements at www.ets.org/gre/idrequirements. You are responsible for bringing valid and acceptable ID when you report to a test center.

☐ Decide where and when you would like to take the test. Be sure to allow sufficient time for score reporting when scheduling your test so you can meet the admissions deadlines for the schools to which you are applying.

☐ Determine which graduate institutions or fellowship sponsors you want to receive your scores and which ScoreSelect® option you will choose. As part of your test fee, you may request that scores be sent to as many as four graduate institutions or fellowship sponsors using the ScoreSelect option.
  • If taking a computer-delivered test, you will choose score recipients and your ScoreSelect option on the day of your test.
  • If taking a paper-delivered test, you will choose score recipients and your ScoreSelect option when registering.

☐ Learn about the FREE GRE® Search Service on page 12. You will have the option to sign up for the Search Service when you register for a GRE test.

☐ Create a My GRE Account at www.ets.org/mygre to register online. Be sure that the spelling of the name you use when registering exactly matches the name printed on the ID documents (excluding accents, apostrophes and spaces) that you will present at the test center.

☐ When you are ready to register for a GRE test, sign in to your My GRE Account and select from the registration options presented. By submitting your registration for the GRE revised General Test or a GRE Subject Test, you are agreeing to abide by all procedures and policies in this Bulletin, on the GRE website or communicated to you at the test administration for which you have registered.

The Name You Use When Registering

The name you use when you register—and the spelling of that name—must exactly match (excluding accents, apostrophes and spaces) the name printed on the ID documents that you will present on the day of the test. If it does not, you may be prohibited from taking the test or your test scores may be canceled after you take the test.

• Be sure to provide your entire first (given) name (excluding accents, apostrophes and spaces). Do not register under a nickname and do not register with only an initial as your first name.

• You must supply your entire last (family/surname) name. If you have a two-part last name, be sure to supply your complete last name as it appears on the ID documents (excluding accents, apostrophes and spaces) that you will present on the day of the test. For example, a last name of Fernandez de Córdova would be entered as FernandezdeCordova.

• If your online account has already been created, confirm that the name on your ID documents still matches the name that appears in your account.

• It is your responsibility to ensure that your ID documents match your admission ticket on the day of the test.

If Your Name Has Changed
If you are registering to take a GRE test and have changed your name since you took a previous GRE test and want current and previous scores reported, follow these instructions.

• Computer-delivered tests—Contact ETS (see page 6). Your request must include your current name and appointment number, date of birth, and previous name and test date.

• Paper-delivered tests—Download an Additional Score Report (ASR) Request form at www.ets.org/gre/asrform and enclose it with your registration form; there is no charge. If you register online, complete the ASR form and return it with your correction stub attached to your admission ticket.

Creating a My GRE Account
You will need to create a My GRE Account at www.ets.org/mygre to do the following:

• Register for a GRE test
• Sign up for the free GRE® Search Service
• View scores
• View, change or cancel your registration
• Order Additional Score Reports
• View and print admission tickets for paper-delivered tests

Retaking a GRE Test

You can take the GRE revised General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You may take the paper-delivered GRE revised General Test and GRE Subject Tests as often as they are offered.

The retaking a test policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

ETS Use of Personal Information

By providing personal information to us and registering for a GRE test, you expressly consent (or confirm your consent) to allow ETS to use such personal information in accordance with ETS’s Privacy and Security Policy and the Test Taker Privacy and Information Security Policy located at www.ets.org/legal/privacy.

ETS may collect some information by phone, audio/video, biometric identifiers, such as fingerprints, or still photographs.

Additional Services for Test Takers

**GRE® Search Service**

The FREE GRE Search Service matches you with participating graduate and business schools and fellowship sponsors. If you match the recruitment profile of a participating institution/organization, you may be sent information about their programs, admission requirements, financial aid opportunities, fellowships and other graduate education opportunities. It is a great way to broaden your search and learn about graduate and business school programs you might not have otherwise considered.

You will be given the option to sign up for the Search Service when you register for a GRE test. You can also sign up at any time before you take a GRE test, by creating a My GRE Account at www.ets.org/mygre.

When you participate in the Search Service, your background information, contact information and broad score ranges into which your test scores fall will be added to the Search Service database so that participating institutions can find you. Information provided to participating schools does not include individual GRE test scores.

**ETS® Personal Potential Index (ETS® PPI)**

When used with GRE scores, ETS® PPI can help you stand out by giving graduate and business schools an even more complete picture of your potential for success. ETS PPI collects reliable qualitative and quantitative feedback, from evaluators you select, on six key personal attributes that graduate deans and faculty have identified as critical for success in graduate and business school—including resilience, communication skills and teamwork.

It takes most evaluators less than 15 minutes to provide their feedback! Then once your evaluations are complete, you can select which ones to include in a customized ETS PPI Evaluation Report that is then sent to institutions you select. It is a great opportunity to show prospective programs more of what you can offer and can help graduate and business schools know you are up to the challenge.

If you register for the GRE revised General Test, you can send up to four FREE ETS PPI Evaluation Reports to the graduate or business school of your choice—that’s a US$80 value! Additional reports can be sent for US$20 each. And, you can include evaluations in the ETS PPI Evaluation Reports for up to five years from the date they were completed. To learn more, visit www.ets.org/ppi.

On Test Day

**What to Bring to the Test Administration**

**Computer-delivered GRE revised General Test**

- Valid and acceptable identification
- Authorization voucher, if applicable
- Confirmation email, which includes the location of the test center and the time of your testing appointment

**Paper-delivered GRE revised General Test or Subject Test**

- Valid and acceptable identification
- Your admission ticket
- Three or four sharpened No. 2 or HB pencils and a good eraser. Mechanical pencils are not permitted.

**Identification (ID) Requirements**

All test takers are responsible for bringing valid and acceptable identification each time they report to a test center. It is your responsibility to ensure that your ID documents are up-to-date and available on the day of the test.

You are responsible for ensuring that the name you used to register exactly matches (excluding accents, apostrophes and spaces) the name on the ID document(s) you will present at the test center.

If the test administrator questions the ID you present, you may be required to provide supplemental ID. If positive confirmation cannot be made, you may not be permitted to test or your test score may be withheld.

All test takers are encouraged to bring at least two forms of acceptable ID each time they report to a test center. Prior admission to a test center based on a given ID document does not assure that that document will be considered acceptable. Test centers are not required to hold your seat if you leave the center to obtain acceptable ID.

Note: Your ID requirements depend on your country of citizenship and where you plan to test. Please read the specific section or visit www.ets.org/gre/idrequirements for acceptable primary and supplemental ID documents and allowed exceptions.
• Admission to the test center does not assure that the ID you provided is valid or that your scores will be reported. All reported cases of questionable ID are subject to review and approval by the ETS Office of Testing Integrity. ETS reserves the right to withhold and/or cancel scores in the event that the ID requirements set forth herein are not met.

• You may be required to show your ID and/or to sign a test center log at various points throughout the test administration.

• Your test fees will not be refunded if you are not permitted to test or if your scores are withheld or canceled because of invalid or unacceptable ID.

ID Document Requirements
With few exceptions, ID documents must meet all of the following requirements. Each ID document must:

• be an original document; photocopied documents are not acceptable

• be valid: expired documents (bearing expiration dates that have passed) are not acceptable

• bear the test taker’s full name exactly (excluding accents, apostrophes and spaces) as it was used when registering for the test

• bear a recent photograph that clearly matches the test taker

• bear the test taker’s signature (the name and signature on the ID document must match)

Exceptions and Requirements
See exceptions and requirements at www.ets.org/gre/idrequirements if:

• you are testing in Mainland China, Hong Kong/Macau, Bangladesh, India, Pakistan, Nigeria, Saudi Arabia or the Philippines

• you are testing outside your country of citizenship

• you are not a U.S. Citizen and you are testing within the U.S.

• you are a Citizen of European Union and Schengen Zone/Gulf Cooperation Council (GCC) Arab Countries

• you have a two-part last name

• you are in the process of renewing your driver’s license

• you are in the military and your Military ID does not contain your signature

• you are unable to meet ID requirements

• you have any questions about the acceptability of your ID document(s)

The following ID documents are acceptable for admission to a test center within your country of citizenship:

• Passport

• Government-issued driver’s license

• State or Province ID card (including those issued by the motor vehicle agencies)

• National ID card

• Military ID card

Supplemental ID Documents
• You may be required to provide a supplemental ID if the test administrator questions your primary ID document and/or if your primary ID document is otherwise acceptable but does not bear your full name, photograph or signature.

• Supplemental ID documents may not be used to resolve name discrepancies. The last name on your primary ID must match (excluding accents, apostrophes and spaces) the name you used when you registered for the test.

The following ID documents are generally acceptable as supplemental ID:

• Government-issued ID card (including, but not limited to, those listed under Primary ID Documents earlier in this section)

• Student ID card

• Confirmation of identity letter from your educational institution

This letter must be typed or printed on the original letterhead of the educational institution you attend(ed) and, in addition to meeting all of the ID Document Requirements listed earlier in this section, must include your date of birth and the date issued. Additionally, a school official’s signature and the school seal must be present and both must overlap your photograph. Such letters are valid for only one year from the date issued.

Unacceptable ID Documents
The following documents are not acceptable as primary or supplemental ID under any circumstances:

• Any document that is photocopied or expired

• Any document that does not bear your last name exactly as it was used when registering for the test

• International driver’s license

• Draft classification card

• International student ID

• Credit/debit card of any kind

• Notary-prepared letter or document

• Birth certificate

• Social Security card

• Employee ID card

• Diplomatic, consulate or embassy ID card

Unable to Meet ID Requirements
If you have been granted political asylum, have refugee status or are otherwise unable to meet the identification requirements, you must contact the ETS Office of Testing Integrity (OTI) at least seven days before registering to test. You must receive approval from OTI before you may register. You should also be prepared to submit any requested documents to OTI for review prior to receiving approval. If you do not contact OTI before you register, and as a result you are not permitted to test or your test scores are withheld, your test fees will not be refunded.
Verifying Your ID
ID verification at the test center may include:
• Fingerprinting/thumbprinting
• Photographing/videotaping
• Signature comparison
• Biometric voice identification

If you refuse to participate, you will not be permitted to test and you will forfeit your test fees. This is in addition to the requirement that you must present acceptable and valid identification.

Personal Items
• Personal items other than ID documents are not allowed in the testing room. This includes cell phones, smartphones (e.g., BlackBerry® or iPhone® devices), PDAs, digital watches, smartwatches, and other electronic, recording, listening, scanning or photographic devices. If you are seen using or accessing any of these electronic devices and/or transmitting data, including but not limited to text messaging, email and photographs, your device may be inspected and/or confiscated. You may not access your phone during the test or during breaks to check messages or to check the time.

• Before the test, you will receive instructions from test center staff regarding where to store personal items. You may also be asked to empty your pockets. You will not have access to your personal items during the test administration except for food, drink and medication, which may be accessed during a break.

• Personal items such as hats, scarves, jackets and outerwear that are taken into the test room are subject to inspection by the test administrator.

• If you fail to follow the instructions of the test center staff, you will not be permitted to test and your test fee will not be refunded. Any violation of this procedure during the test or during breaks may result in dismissal from the test and/or cancellation of scores.

• Test centers and ETS assume no responsibility for personal items or devices that you choose to bring to the test center.

Computer-delivered GRE revised General Test Only
The following procedures and regulations apply during the entire test session, which begins at sign-in, ends at sign-out and includes breaks.

• You will be required to write in cursive (not print) and sign a confidentiality statement at the test center. If you do not complete and sign the statement, you cannot test and your test fees will not be refunded.

• ETS reserves the right to ensure the security of test content by using electronic detection scanning devices (e.g., hand-held metal detectors/wands). Failure to comply may result in dismissal from the test and forfeiture of your test fees.

- You may be asked to remove your watch and to store it during the test administration.
- The test administrator will provide you with scratch paper for use during the test. Scratch paper is not to be used before the test or during breaks. All paper must be returned to the test center supervisor at the end of the testing session. If you are observed using any document or paper other than the scratch paper given to you by test center staff, it will be confiscated. You may not bring your own paper and you may not remove any paper from the testing room at any time, or write on anything other than the paper provided (e.g., computer or workstation).
- If at any time during the test you have a problem with your computer, or for any reason need the administrator, raise your hand.
- Testing premises are subject to videotaping.
- The GRE revised General Test includes an optional 10-minute break after the third section and one-minute breaks between the remaining sections of the test. These break times cannot be exceeded. You are required to remain in the test center building or in the immediate area. You are not permitted to go outside the test center building unless it is to use the restroom during the test administration, including breaks.

Dismissal from a Test Center

A test administrator is authorized to dismiss you from a test session and/or your scores may be withheld and ultimately canceled for any actions that violate the policies and procedures set forth herein and/or communicated at the test center including, but not limited to:
- Attempting to take the test for someone else or having someone else take the test for you
- Failing to provide acceptable identification
- Obtaining improper access to the test content, a part of the test or information about the test. - Using or having any prohibited device in your possession in the test center. See “Personal Items” on page 14.

• Failing to follow any of the test administration regulations contained in this Bulletin, on the GRE website, given by the test administrator or specified in any test materials

ETS reserves the right to take all action—including, but not limited to, barring you from future testing and/or withholding or canceling your scores—for failure to comply with test administration regulations or the test administrator’s directions. If your scores are canceled, they will not be reported, and your registration and test fees will not be refunded. Reports of cheating or fraud will be investigated thoroughly and offenders may be prosecuted to the full extent of the law.

### Canceling Scores

#### Computer-delivered GRE revised General Test

At the end of the test, you will be given the option to report (view) or cancel your scores. Once you view your scores, you cannot cancel them. In addition, you cannot cancel your score for one section of the test and have the scores for the remaining sections reported. Although you have the option to cancel your scores, consider very carefully before doing so because the score reporting choices available with the ScoreSelect option allow you to report only the scores that you feel reflect your personal best. Your scores will be reported to GRE score recipients only at your request. If you cancel your scores, they will NOT be available for your review online or be reported to any score recipients. No refund will be made. Canceled scores are not added to your reportable history. If you wish to take the test again, you must reregister and submit another test payment.

#### Paper-delivered GRE revised General Test or GRE Subject Tests

At the end of the test, you will be asked to indicate if you want to cancel your scores. You cannot cancel your score for one section of the test and have the scores for the remaining sections reported. If you do not cancel your scores, they will be sent to the institutions that you designated during registration or on the correction stub of your admissions ticket. If you cancel your scores, they will NOT be available for your review online or be reported to any score recipients. No refund will be made. Canceled scores are not added to your reportable history. If you wish to take the test again, you must reregister and submit another test payment.

### Score Reinstatement

**Fee:** US$50

Scores canceled by you can be reinstated if you mail or fax a completed Score Reinstatement Form with payment to ETS and it is received within 60 days after your test date. In addition to providing your name, date of birth and daytime phone number, you will need your test date and registration number to complete the form. The Score Reinstatement Form can be downloaded at www.ets.org/gre/reinstateform.

Also, you can designate up to four free score recipients on the form. If you do not select score recipients, you will have to pay US$27 per recipient to have scores sent at a later date.

Scores will be reinstated and reported approximately two weeks after your request for the computer-delivered revised General Test or on the approximate score report mailing date for the paper-delivered revised General Test or Subject Tests. Your scores will be mailed to your designated score recipients shortly thereafter.

### Absence from a Test

If you are absent from a test administration, you will forfeit your test fee. Institutions will not receive any information about your absence or about any previous score(s) you may have on file.

### Reporting Suspicious Behavior

ETS takes test security very seriously. Although GRE tests are administered under strict supervision and security measures, testing irregularities may sometimes occur. Please contact ETS as soon as possible to report any observed irregular behavior—for example, someone copying from another test taker, taking a test for someone else, having access to test questions before the exam or using notes or unauthorized aids. All information will be held in strictest confidence. Reports of cheating or fraud will be investigated thoroughly and offenders may be prosecuted to the full extent of the law.

## Score Reporting

### Scores Reported

**GRE revised General Test**
The scores for the GRE revised General Test include:
- A Verbal Reasoning score reported on a 130–170 score scale, in one-point increments.
- A Quantitative Reasoning score reported on a 130–170 score scale, in one-point increments.
- An Analytical Writing score reported on a 0–6 score scale, in half-point increments. Descriptions of the analytical writing abilities characteristic of particular score levels are available at [www.ets.org/gre/scorelevels](http://www.ets.org/gre/scorelevels).

If no questions are answered for a specific measure (e.g., Verbal Reasoning), then you will receive a No Score (NS) for that measure.

In late 2014, ETS will make available test-taker photos and essay responses on the Analytical Writing section of the General Test to designated score recipients as part of an institutional portal that is being launched. Photos and Analytical Writing essay responses of all individuals who report their scores to institutions on or after July 1, 2014, will be included in the portal when it is launched. In the portal, the photo and essay responses from each General Test administration you select from your five-year reportable history will be made available as part of your score record to the institutions you designated to receive your scores on or after July 1, 2014.

**GRE Subject Tests**
Each Subject Test yields a total score on a 200–990 score scale, in 10-point increments, although the score range for any particular Subject Test is usually smaller. Subscores are reported for the Biochemistry, Cell and Molecular Biology; Biology; and Psychology Tests on a 20–99 score scale, in one-point increments, although the range for any particular Subject Test subscore is usually smaller.

### Getting Your Scores
- You will receive an email notification from ETS that your official scores are available in your My GRE Account and that official score reports have been sent to your designated score recipients.
- Visit your My GRE Account at [www.ets.org/mygre](http://www.ets.org/mygre) to view your scores and print your official Examinee Score Report. Note that your official Examinee Score Report is intended only for your information and personal records.
- If you take the computer-delivered GRE revised General Test, you will view unofficial Verbal Reasoning and Quantitative Reasoning scores at the test center; however, because of the essay scoring process, you will not view your Analytical Writing score at that time. Test centers cannot provide printed copies of your unofficial scores.
- Scores for the computer-delivered GRE revised General Test will be available in your My GRE Account, and your scores will be sent to your designated score recipients approximately 10–15 days after your test date.
- Scores for the paper-delivered GRE revised General Test and GRE Subject Tests will be available in your My GRE Account, and your scores will be sent to your designated score recipients approximately six weeks after your test date.

**Reportable History**
- GRE test scores are part of your reportable history for five years after the testing year in which you tested (July 1–June 30). As of July 1, 2014, GRE scores earned July 1, 2009, to the present will be available in your reportable GRE score history.
- Scores from individuals who tested between July 1, 2008, and June 30, 2009, were purged from the GRE database in mid-June 2014.
- Scores from individuals who tested between July 1, 2009, and June 30, 2010, will be purged from the GRE database in mid-June 2015.

**ScoreSelect® Option**
With the ScoreSelect option, you can decide which test scores to send to the institutions you designate.

**On test day**, when viewing your computer-delivered revised General Test scores at the test center, you can choose not to send your scores at this time, OR you can select either option below for each of your four FREE score reports.
- Most Recent option—Send your scores from your current test administration.
- All option—Send your scores from all administrations in the last five years.

**After test day**, you can send Additional Score Reports for a fee (see page 18) by selecting from the following options for each score report you would like to send:
- Most Recent option—Send your scores from your most recent test administration.
- All option—Send your scores from all test administrations in the last five years.
- Any option—Send your scores from one OR as many test administrations in the last five years

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests.

For more information about the ScoreSelect option, visit [www.ets.org/gre/scoreselect](http://www.ets.org/gre/scoreselect).

*If you are taking the paper-delivered GRE revised General Test or a GRE Subject Test, you will make your selections prior to test day.*
Score Reporting (continued)

Score Reports Sent to Designated Recipients

- Your official institution score report, received by your designated recipients, will include your name, address, email address, phone number, intended graduate major, GRE test scores and associated percentile ranks. It will not include any information concerning the other score recipients you have chosen.
- Beginning in late 2014, your photo and Analytical Writing essay responses will also be shared with your designated recipients.
- Institution score reports include only the scores that you selected to send them using the ScoreSelect option.
- If you took the GRE General Test prior to August 1, 2011, your original Verbal Reasoning and Quantitative Reasoning scores on the 200–800 score scales will be reported along with estimated scores on the 130–170 score scales.
- A sample of an institution score report can be viewed at www.ets.org/gre/institution/scorereport.
- If an institution that you have designated to receive your scores requests information in ETS’s files be sent to that institution, ETS will send information to those institutions as necessary to detect or prevent unlawful activity and to protect the integrity of the GRE test.

Note: The official Examinee Score Report is intended only for your information and personal records.

Sending Scores to Employers

The GRE Program is conducting a three-year pilot program (effective December 2012) designed to evaluate the use and role that GRE scores play in employment decisions. As a part of this pilot, you can request to have your GRE General Test and/or GRE Subject Test scores sent to employers for a fee of US$27 per score recipient.

Additional Score Reports (ASRs) for employers can be ordered by mail or fax. You have the option to send scores from your Most Recent, All or Any specific test administration of the General Test and/or Subject Tests. You can only order a score report for tests you have already taken. Currently, scores earned on or after July 1, 2009, are available. A complete history of your score reports can be viewed on the GRE website using your My GRE Account. Note: ASRs to be sent to employers cannot be ordered online.

- Download and complete the Request Form for Sending GRE Scores to Employers at www.ets.org/gre/scoresemployers and mail the form and fee to the address on the form.
- Faxed requests are accepted if you pay by credit/debit card (American Express, Discover, JCB, MasterCard or VISA). The fax number is 1-610-290-8975.
- Once a request and fee is mailed or faxed, it cannot be canceled, changed or refunded.
- Requests are processed within 10 business days of receipt. You will receive a confirmation email when your order has been processed.

Preventing Unauthorized Release of Your Scores

It is a GRE Board policy that your scores be reported only to you, to institutions of higher education granting the baccalaureate or higher degrees, to approved graduate fellowship-granting sponsors and to vendors the score recipients might designate to process the scores they receive. Score reports will be released only upon your request. ETS will not release your scores at the request of institutions or fellowship sponsors except for use in research studies that are approved by the GRE Board and that provide anonymity for the test takers and the institutions they attend.

Note: Your score record and the documents you completed that are retained at ETS, including photos and documents from check-in on test day, may be released to third parties, e.g., government agencies, parties to a lawsuit, if requested pursuant to a subpoena or required by applicable law.

The form must be received at ETS within three months of your test administration. Allow four weeks for the results to be mailed. Note that you will not be able to report your scores to designated score recipients until the review process is completed. If the score review results in a higher or lower score, the new score(s) will be reported.

Test Takers’ Background Information Data and Performance Data

Test takers’ answers to background information questions and their performance data may be used in analysis samples, score interpretation data, group statistics and research studies. Test takers’ essay responses may be used in ETS materials to train scorers, to help score recipients interpret scores or to help examinees prepare for the test. In each instance, all identifying information will be removed.

Cancellation of Scores by ETS

ETS strives to report scores that accurately reflect the performance of every test taker. Accordingly, ETS’s standards and procedures for administering tests have two primary goals: giving test takers equivalent opportunities to demonstrate their abilities and preventing any test takers from gaining an unfair advantage over others. To promote these objectives, ETS reserves the right to cancel any test score when, in ETS’s judgment, a testing irregularity occurs; there is an apparent discrepancy in a test taker’s identification; the test taker engages in misconduct or plagiarism, copying or communication occurs or the score is invalid for another reason. In addition, if ETS has information that ETS considers sufficient to indicate that a test taker has engaged in any activity that affects score validity, such as having someone else take the test for you, obtaining test questions or answers via the Internet, email, SMS, text messaging or postings, disclosing any exam question or answer in chat rooms, message boards or forums, SMS or text message, it will result in score cancellation and/or any other action ETS deems
appropriate, including banning you from future tests and prosecution to the full extent of the law. You must agree to these terms and conditions when you register for the test and on test day. When, for any of the above reasons, ETS cancels a test score that has already been reported, it notifies score recipients that the score has been canceled.

Testing Irregularities

“Testing irregularities” refers to problems with the administration of a test. Testing irregularities may result from actions of test takers, test center personnel, ETS, or from natural or man-made causes. When testing irregularities occur, they may affect an individual or groups of test takers. Such problems include, without limitation, administrative errors (such as improper timing, improper seating, defective materials [e.g., improper test forms], and defective equipment); improper access to test content; and other disruptions of test administrations (such as natural disasters or other emergencies). When testing irregularities occur, ETS may decline to score the test or cancel the test score. When, in ETS’s judgment it is appropriate to do so, ETS gives affected test takers the opportunity to take the test again as soon as possible without charge.

Identification Discrepancies

When, in ETS’s judgment or the judgment of test center administrators, there is a discrepancy in a test taker’s identification, the test taker may be dismissed from the test center. In addition, ETS may decline to score the test or cancel the test score if the documents or photos from the test day cannot be validated or if ETS has evidence that you did not appear for the test. ETS will also cancel your scores, ban you from future testing and notify score recipients of the cancellation if fraudulent activity is detected after your scores have been reported.

Misconduct

When ETS or test center administrators find that there is misconduct in connection with a test, the test taker may be dismissed from the test center or ETS may decline to score the test or may cancel the test score. Misconduct includes, but is not limited to, noncompliance with the “Test Center Procedures and Regulations” listed on pages 14–16. Test takers whose scores are canceled will forfeit their test fees and must pay to take the entire GRE test again at a future administration. No record of score cancellations, or the reason for cancellation, will appear on future score reports sent to colleges, universities and/or fellowship sponsors.

Invalid Scores

ETS may also cancel scores if, in its judgment, there is substantial evidence that they are invalid for any other reason. Substantial evidence means evidence that is sufficient to persuade a reasonable person; the substantial evidence standard is lower (i.e., requires less proof) than the reasonable doubt, clear and convincing, and preponderance of the evidence standards. Evidence of invalid scores may include, without limitation, discrepant handwriting, unusual answer patterns and inconsistent performance on different parts of the test. Before canceling scores pursuant to this paragraph, ETS notifies the test taker in writing about its concerns, gives the test taker an opportunity to submit information that addresses ETS’s concerns, considers any such information submitted and offers the test taker a choice of options. The options may include voluntary score cancellation, a free retest or arbitration in accordance with ETS’s standard Arbitration Agreement. In addition, the test taker is sent a copy of a booklet, Why and How Educational Testing Service Questions Test Scores, which explains this process in greater detail. (This booklet is available to any test taker at any time on request.)

Note: The retest option is available only to test takers in the United States and Canada. The arbitration option is available only for tests administered in the United States.

Your essay responses on the Analytical Writing section will be reviewed by ETS essay-similarity-detection software and by experienced essay readers during the scoring process. In light of the high value placed on independent intellectual activity within graduate schools and universities, your essay response should represent your original work. ETS reserves the right to cancel test scores of any test taker when an essay response includes any of the following:

- text that is unusually similar to that found in one or more other GRE essay responses;
- quoting or paraphrasing, without attribution, language that appears in any published or unpublished sources, including sources from the Internet and/or sources provided by any third party;
- unacknowledged use of work that has been produced through collaboration with others without citation of the contribution of others;
- essays submitted as work of the test taker that appear to have been borrowed in whole or in part from elsewhere or prepared by another person.

When one or more of the above circumstances occurs, ETS may conclude, in its professional judgment, that the essay response does not reflect the independent writing skills that this test seeks to measure. When ETS reaches that conclusion, it cancels the Analytical Writing score, and because Analytical Writing scores are an integral part of the GRE General Test scores, those scores are canceled as well.

Show Schools Your Personal Best!
With the ScoreSelect® option, you decide which scores to send

Whether you’re taking a GRE® test for the first time or retaking it, the ScoreSelect® option helps you approach test day with confidence because it lets you decide which scores to send to the schools you designate. And, you can make that decision at the test center on test day* or online† anytime after test day.

Here’s how the ScoreSelect option works:

**On Test Day**
When viewing your scores at the test center, you can choose not to send your scores at this time OR you can select either option below for each of your four FREE score reports:

- **Most Recent** option — Send your scores from your current test administration.
- **All** option — Send your scores from all test administrations in the last five years.

**After Test Day**
You can go online to send additional score reports for a fee and select from these options for each report you’d like to send:

- **Most Recent** option — Send your scores from your most recent test administration.
- **All** option — Send your scores from all test administrations in the last five years.
- **Any** option — Send your scores from one OR many test administrations in the last five years.

No matter when you make your GRE score-sending selections, know that:

- whether you choose the Most Recent, All or Any option, you will select specific test administration dates so your scores are all from the same testing session.
- the schools you designate will receive score reports that show only the scores that you selected to send them. There will be no special indication if you have taken additional GRE tests.

Learn more about sending your GRE scores inside this Bulletin or at ets.org/gre/scoreselect.

* If you are taking the paper-delivered GRE® revised General Test or a GRE® Subject Test, you will make your selections prior to test day when registering for the test.
† Phone, fax and mail order options are also available after test day, but are limited. See inside for details.
