COMMUNITY PARTNERS

Youth Education has formed partnerships with a number of local businesses to help make your learning convenient and dynamic. These partners add their own special expertise to our program and make it so you can take interesting classes right in your neighborhood. Look over the list of community partners and sign up for a class today.

College of Architecture
The College of Architecture’s mission is to facilitate an educational community of students, faculty, and staff with interests and expertise in creative design, building, planning, computer technology, issues of social and ecological responsibility, and the scholarly study of the history and theory of the built landscape. We educate future professionals who are concerned with constructing and maintaining the highest quality in our built and natural environments.

Game Night Games
Game Night Games carries a large selection of strategy board games and card games, particularly Euro games such as Settlers of Catan and Ticket to Ride (as well as traditional games such as Chess, Go, and Backgammon). Game Night Games features an in-store play area and regular game nights.

The Child and Family Development Center
The University of Utah Child and Family Development Center (CFDC) is a high quality, part-time program serving children 2 years through kindergarten. The NAECY Accredited Program emphasizes the learning and creative ability of all children.

DESIGNED FOR FUN & FUNCTION

Whatever you choose to design, it will never be boring. Your summer should be as unique as you are. This is precisely how SUMMERSCOOL comes into play—with an emphasis on play. You see, with Youth Education’s SUMMERSCOOL, you pick the classes or camps that grab your interest. There are a ton of different fun and exciting subjects to choose from with flexible scheduling options. You’ve got everything you need to design the summer you want. It’s all in your hands—unlimited possibilities for hands-on learning.

The time has come to design your own summer—it’s the COOL part of SUMMERSCOOL.

FOR A TRULY EPIC SUMMER,
Call 801.581.6984 or visit www.youth.utah.edu

CLUB U CAMPS
Parents/Guardians
Parents will receive a detailed itinerary at the beginning of each week.

Meeting Time and Place
Drop kids off at Presidents’ Circle (200 South 1340 East) between 8:00 and 8:15 AM (no earlier, please!); formal activities begin at approximately 8:30 AM and will end at approximately 3:00 PM. Students will be ready for pick up between 3:00 and 3:15 PM. Any students not picked up by 3:15 PM will be taken to the Club U lounge and fees will be charged.

Inclement Weather
Club U Camps will be held rain or shine. Drop off and pick up will occur in the Naval Science Gym during inclement weather. Please contact the office (581-6984) if you are unsure about the location for any particular day. Also, follow us on twitter for schedule updates: twitter.com/clubucamp

Weekly Themes
The theme acts as a basic framework to provide focus and direction for the activities within each weekly session. This usually applies to electives, guest artists, and weekly field trips. We would like to remind you that all of our weeks may include activities unrelated to the theme such as swimming, arts, hiking, sports or other great activities. This does not mean that the quality of the activity will be less than that of a themed activity; rather it allows us to better serve the interests of all children in the camps.

Safety Considerations
We have taken the following measures to ensure the safety of your child: (1) An extensive criminal background check has been conducted on all Club U staff. (2) All Club U counselors are CPR and First Aid Certified. (3) Club U counselors will apply or will facilitate each child in applying sunscreen at the beginning of and during lunch each day. (4) Club U counselors will carry extra water where water is not readily available to ensure that each child is adequately hydrated in the summer heat.

Club U Lounge - After 3:00 PM
If you can’t pick up your student by 3:15 PM every day, we have set up the Club U Lounge to provide activities for the remainder of the day. If you choose this extended care program, a Club U staff member will escort your child to the lounge. Students will then be able to unwind after a long day of fun learning by participating in loosely structured activities including arts and crafts, board games, sports, or just reading and chilling out with new friends. Open pickup is from 3:30 to 6:00 PM. The two day Club U lounge is for parents who need one or two days of fun for their children after 3:15 PM. The five-day Club U Lounge is for parents who need three to five days of fun for their children after 3:15 PM.

Late Fee
A late fee of $1 is charged for every 1 minute students remain after 6:10 PM at the Club U Lounge.

Electives
Students have the opportunity to take their pick from a variety of elective classes each week. Elective classes are usually held Tuesdays through Thursdays in the morning. Students sign up for one elective that they will participate in for three days. Please note that all paperwork needs to be in prior to signing up for electives. Electives are first come, first served. Please see elective courses online at www.youth.utah.edu each Thursday before camp starts.

Lunch and Snacks
A supervised lunch hour is scheduled daily from approximately 11:30 AM to 12:30 PM. Note that lunch times may change according to the daily schedule. Please bring nutritious lunches and snacks so that your child will have enough fuel to get through a busy day of outdoor recreation and summertime activities.

Transportation
Many activities require us to use public transportation, Salt Lake School District busses, or state motor pool mini-vans. Club U counselors have been trained to safely travel on UTA busses and trains. Any counselor driving a motor vehicle has been certified with the state by taking a defensive driving course. They must also have a clean driving record. Your child’s well being is very important and we do our best to keep everyone safe while traveling off campus!

Parking
Metered parking around President’s Circle will be free from 8:00-8:30 AM and 3:00-3:30 PM as a courtesy to parents dropping off and picking up campers. Please be aware that outside of these windows tickets will be issued for expired meters. We strongly encourage parents to bring change for parking every day in case of unforeseen delays.

Miscellaneous
Children should come prepared with sunblock, a backpack, hat and athletic shoes (no open-toed shoes allowed; sandals or flip flops are allowed in the pool). Children must bring a 1-liter water bottle every day. Having enough water is extremely important, since we are often outside in the summer heat for long periods. Students will receive a Club U t-shirt that needs to be worn each day.
Kickin’ It With Club U (Age 5-13)
Kick off a summer of good times and great friends with the best day camp in Salt Lake City, CLUB U! Our first week is a smorgasbord of activities that make camp so awesome! Swimming - Check! Science - Check! Outdoor Adventures - Check! Good Friends - Check! Total Awesomeness - Check! So, head on over to the University of Utah to play and explore with the Club U crew. It is sure to be a kickin’ start to the best summer ever!

The Green Science Scene (Age 5-13)
What is lean, mean and green? The newest addition to the Club U Scene! Check out the marvels and wonders of science in an awesomely environmental way. Investigate the powers of earth, wind, fire and water while creating solar cars, sail boats and handmade water filters. Spend the week learning how you can participate in green science and have fun doing it! Take a trip to the Utah House and learn how buildings are made to be sustainable and totally green!

To Club U and Beyond (Age 5-12)
Up, up and away! Time to stick your head into the clouds and let fun overwhelm you! This is a week full of animals, adventures and other great stuff beyond the borders of Club U. Take flight and soar to hang with your fine feathered friends from around the world. Explore the atmosphere where you’ll track the weather and find out why the wind blows. Then take it to the next level and blast off for a trip through the universe as you visit the Clark Planetarium. You may not want to come down to earth, but there is good stuff here too. See some crawling critters close up and maybe even hold some exotic animals. End this week with an awesome animal adventure to Utah’s Hogle Zoo!

Adventurous and Amazing, Naturally! (Age 5-13)
Get ready to head out and explore Utah’s natural playground. We have it all - cool canyons, wild meadows, roaring watersheds - so why not tie up those shoelaces and get going? Take a hike on a local trail and track a critter on your way. Pick up some wilderness survival skills in the nearby foothills. But don’t forget, nature surrounds us wherever we are, even on campus! So we will explore the University and create our own urban outdoor adventures, too. Round off the week with a dip in the cool waters of a beautiful Utah reservoir.

I’m bugging out!

A Scientastic Summer Magnified By Me!

I discovered amazing new things about myself.
Super Soaking ‘Sun’ sations (Age 5-13)
We’re spending the week soaking up the sun and we want you to come along! Grab a towel and some sunscreen as we kick off the week with some island luau fun. Shake your hula skirt as we move and groove to the island beat. Later, dive into some local pools, play some beach games, and make a few finned friends from the ocean blue. Get a taste of the sea, sort of, as you create your own candy sushi and other island treats. Catch some rays and make a splash and you will be sure to have a blast on your wet n’ wild adventure.

Imaginations in Motion (Age 5-13)
Let your imagination soar this week as we set out on a quest for a magically good time. Script a comic book or create some bubbly potions with your Club U friends. Travel back to the medieval times and take part in one of Club U’s most popular activities: the great castle build-off. Let your imagination flow freely and practice your magical wizarding skills while casting spells and playing quidditch. Find hypnotical adventures all around campus and Salt Lake City. Finish this fantasy fest with a trek to Timpanogas cave, where you’ll hike to wonderful adventures that await you!

Franken’ Science (Age 5-13)
It’s Alive, It’s Alive!!! That’s right, the whole world around us is full of living organisms just dying for you to discover. So roll up your sleeves this week and dig into some creepy-cool science experiments. Let the University of Utah campus tease your brain by traveling to the School of Medicine, Physics Department, and many more! Let the mad scientist in you take over as you devise some kooky kitchen experiments. End the week by examining some of Utah’s ‘brine’iest creatures at the one and only Great Salt Lake.

Camp vs. Wild (Age 5-13)
Do you have what it takes to survive in the wild - the Club U wild, that is? In this week at camp you will learn all you need to know to be a super awesome adventurer. Head up to the mountains on a couple of days and take in all that the Wasatch Range has to offer. Dig up treasures of the past with an archeologist’s ancient tools. Take part in our very own Club U Survivor ultimate challenge. No trek into the wild would be complete without a dip in a reservoir, so come join our excursion into the wild and discover the true survivor in you!

CLUB U CAMPS
Club U’s Got Talent (Age 5-13)
Do you have a crazy, wacky talent? I bet you do! Get in a frenzy because Club U’s here to help you express and explore talents of all shapes and sizes. Spend the week popping and locking as you learn some cool new hip hop moves. Try your hand at a new artistic medium like comic book art. Work those vocal cords as you sing your way to fame. If the stage isn’t the place for you, let your brains be your talent as you uncover the secrets of science or work to become the next great American writer. Get with all your Club U celebs and put on those sun glasses because you’ll be the talk of the town when you perform in our Third Annual Club U Charity Talent Show, one of Club U’s favorite traditions!

Scientific Super Heroes (Age 5-13)
It’s a bird! It’s a plane! No, its Club U’s super creation - a science week that takes the investigative powers of super scientists and the supernatural powers of superheroes and blends them into super awesomeness! Visit super departments around campus and build catapults, rockets or airplanes! Experiment with super secret formulas to create crazy chemical reactions that bubble or grow. Become a super sleuth and investigate the Club U crime scene. Use your brain power to solve the mystery. If too much science isn’t super for you, don’t worry, we will also explore super heroes artistically with some super hero drawings or paintings! End the week by taking a super trip to one of Utah’s super sweet reservoirs.

3rd Annual Splish Splash End of Summer Bash (Age 5-13)
Summer may be coming to an end, but the fun at Club U doesn’t stop. Prepare yourself for the best finale to the best summer ever. We end every year by throwing a summer party that will knock your swim shoes off! Cap off this summer of excitement, discovery and learning with your Club U friends by entering the wonderful world of water! Splash around and catch some rays at a local pool. Create your own creatures of the deep by learning a new artistic skill like drawing or watercolor. Visit the Living Planet Aquarium to discover what crazy creatures live under the sea. Get the chance to soak your favorite counselors in some amazing water relays. Finish the week in the sun by slipping and sliding all around at Raging Waters.

WEEK LONG DAY CAMPS!

Sometimes you need a whole day packed with new discoveries and friends. Youth Education has the following options if you’re looking for all-day action:

**Club U Camps (pgs 5-9)**
Expand your knowledge about yourself and the world around you!

**Youth Academy of Excellence (pgs 12-14)**
In-depth and fast-paced sessions for bright and motivated students!

**The Nature of Art Tools and Techniques (pg 18)**
Use the beauty of Red Butte Garden as inspiration for your art!

**All Day U Golf Academy (pg 36)**
Take your golf game to the next level with PGA pros!

---

**Lunch Bunch Classes**

**Comic Book Art & Intermediate Drawing (pg 22)**
**Digital Photography & Graphic Art (pg 40)**

*Our daughter loves the U of U Youth summer camps. They have a different theme each week, fun but responsible counselors, and bring out the best in each child! She especially liked the crime solvers week, talent show, and "Splish, Splash End-of-Summer Bash". Director Nate enjoys being lovingly imitated by the kids. This camp offers great exposure to research and the great outdoors, too. The "After Care" till 6 PM lets us have full-time jobs.*

— Club U parent
The perfect balance between hard-hitting education and flat-out fun!
YOUTH ACADEMY OF EXCELLENCE

Join us this summer for an experience that will give you a preview of college life and a chance to study with other bright and motivated students. Classes are small and curriculum is fast-paced. Participate with your peers in small group discussions, multimedia presentations, experiments, and field trips. Choose one or two weeks and study one in-depth topic each week, use campus resources, and establish long-lasting friendships. YAE is designed for bright and motivated students; those in gifted and talented programs are especially encouraged to enroll.

YAE Elementary School Program (Age 7-9)

For gifted and talented students entering the 2nd-4th grade in the fall (new YAE age group this year). Lunch provided daily.

YAE: Writing Magic for the Young Writer (Age 7-9)

Make magic with your words this summer in the perfect course for the young writer. Learn special writing tricks such as how to create sparkling descriptions, memorable characters, and hooks that mystify your reader. Explore different writing genres like playwriting, poetry, fiction and finding magical writing topics in everyday life. With magic wands (pencils) in hand, embark on campus field trips designed to spark your creativity. Borrow magic secrets from authors like J.K. Rowling, William Shakespeare and Jack Prelusky.

In this playful week-long course, you’ll discover the writing magic within yourself ‘and abracadabra!’ leave the week a proud author.

YAE: Wild Water Habitat (Age 7-9)

What is a fresh water habitat and who lives in it? Investigate what is needed to support life and what are the interactions between the living creatures and their environment. Take water samples at a pond for analysis and do further exploration of water habitats in the computer lab. Participate in water habitat related activities including games, art, and experiments.

YAE: Villains, Heroes, & Puppets, Oh My! (Age 7-9)

What elements make successful cartoons, movies, and fairy tales? Use your imagination to create puppets and explore the creative process of a theatrical production. Uncover these elements of drama in movies, cartoons, and fairy tales. Experience theater by participating in puppet shows and a reader’s theater.

YAE: Photo Journalism (Age 9-12)

Explore ways in which images are used to tell stories and then put what you have learned to work as you document a story that is important to you. Sharpen your critical eye as you evaluate a variety of images from journalists, photographers, and illustrators.

YAE: Sassy Science meets Amazing Art (Age 9-12)

Get ready for an exciting week of creativity, science and FUN! Discover the science behind Goethe’s color wheel and then paint a beautiful watercolor! Experiment with ultra-violet light and create funky UV jewelry! Explore outdoor patterns in nature to create beautiful etchings and rubbings. Investigate the science behind oil pigments and make your own natural paints for a fabulous painting.

YAE: Blast off with Solar Energy! (Age 9-12)

Explore the power of solar energy: learn about alternative energy sources, create mini-rockets, discover photovoltaic cells, build and cook with a solar oven, learn how to use a solar energy source to power everyday objects. Join us for a sizzling week of fun with the sun!

For gifted and talented students entering the 5-7th grade in the fall.

YAE Elementary Program (Age 9-12)

YAE: My Creative Story (Age 9-12)
Do you love to take pictures? Do you enjoy learning new crafts? Do you have a story to tell? This class is for you! Join us as we combine the art of photography, crafts, and scrapbooks to tell your story in a unique and creative way. By the end of the week you will have created a one-of-a-kind keepsake to treasure forever.

YAE: Anatomy Lab (Age 9-12)
Come take a detailed look at some of the major organs and organ systems found in mammals. Learn amazing facts and trivia about how these organs work to keep the body running smoothly and find out what medical issues are involved in the health and care of these organs. Dissect a preserved sheep eye, brain, kidney, heart, and lungs and also study the anatomy of the ear and digestive system. Activities will also include art projects, films, microscope work, simple physiology experiments, and field trips to U of U medical and/or science labs.

YAE: Eyes on Egypt (Age 9-12)
Join us for an amazing adventure into an ancient civilization on the Nile as we explore Egypt through hands-on projects. Decipher hieroglyphics. Investigate Egyptian myths and legends as well as art and music. Discover even more with a fieldtrip to the Utah Museum of Fine Arts. Be enchanted and mystified by this fascinating culture that is still reflected in the world today. The instructor recently traveled to Egypt as a Gifted Delegate with the People to People Ambassador Program.

YAE: Who Wants To Be A Millionaire? (Age 9-12)
You, too, can be a millionaire! Learn the fundamentals of money management through technology, art, guest speakers, games, and real life activities. Explore mathematics problem-solving strategies while studying world currencies, the secrets of successful entrepreneurs and creatively building for your future.

YAE: Math Lab: Become a Mathster (Age 12-15)
Do you love math? Are you creative? Is solving puzzles a fun way to spend your time? What is the math of the Rubic's cube, Sudoku, Kakura, and Paint by Numbers? Come play with numbers and equations to explore the mathematics of life. Use calculators and computers to explore designs and transformations. How long of a bungee cord do you need to keep Barbie from crashing into the ground? Math can be fun so let's make it that way.

FEE: $240 + $55 special fee
INSTRUCTOR: Scott D. Gregory

**YAE: Exploding with Cool Chemistry (Age 12-15)**
Have you ever wondered how fireworks get their brilliant colors? Would you like to design your own experiments? Are you fascinated by color-changing substances? Come along as we discover acids and bases, the Periodic Table of Elements, combustion, reaction rates, heat transfer and amazing properties of matter in indoor and outdoor classrooms!

YEYAE 355-001 • MTWThF, Jun 21-25 • 9:00 AM-3:00 PM
LOCATION: OSH 101,
Campus • SLC
FEE: $240 + $55 special fee
INSTRUCTOR: Candace L. Penrod

**YAE: Awesome 2D & 3D Art (Age 12-15)**
Join us for a magical in-depth experience with art. Start with two-dimensional mediums such as charcoal, watercolor, and tempura paint and then turn your creations into three-dimensional works of art. Foster your creativity by using clay, paper-mache, and wire to create your own masterpieces! Find your inspiration in nature, from professional artists, and on a field trip to the Utah Museum of Fine Arts. Take your artistic skills to new levels in a variety of mediums and open your eyes to the cool art all around you.

YEYAE 022-001 • MTWThF, Jul 19-22 • 9:00 AM-3:00 PM
LOCATION: Arch 334
FEE: $195 + $55 special fee
INSTRUCTOR: Brandon Johnson

**YAE: Seize the Story - Intensive Writing for Teen Writers (Age 12-15)**
This is it. This is the week where you write (or finally finish) the best story you’ve written so far. Whether you enjoy writing fiction or non-fiction, in this class you’ll join other teen writers in creating a story with moving description, memorable characters, and a ‘so what’ ending that leaves your readers wanting more (or at least a signed copy.) In addition, you’ll learn the art of the query letter, explore possible writing careers, and have the chance to submit your writing to a national teen magazine for publication. There’s a story waiting out there that only you can write. Don’t miss your chance to seize the story!

YEYAE 212-001 • MTWTh, Jul 19-22 • 9:00 AM-3:00 PM
LOCATION: OSH 230,
Campus • SLC
FEE: $195 + $55 special fee
INSTRUCTOR: Carrie C. Finlinson

**YAE: Rockin’ with Earthquake Science (Age 12-15)**
What causes earthquakes and what can people do to limit their damage? Learn about faults, plates, earthquake patterns and epicenters. Visit the Seismic Center at the University of Utah to learn how scientists monitor the tremors around the world. Use the computer lab to investigate earthquakes. Find out how changes have been made in recent structures such as the Marriott Library. Participate in hands-on projects on earthquake patterns and safer buildings.

INSTRUCTOR: Cory D. Jensen
The Best Ever Summer Party Time Chill Out Designed By Me!
**FILMMAKING & ANIMATION**

**Filmmaking: The Art of Visual Storytelling (Age 7-9 & 10-12)**  
Experience every step of the movie making process from story development in pre-production to post-production using digital editing equipment. Discover life in front of and behind the camera through acting and directing. The comprehensive process of filmmaking will be exposed, offering you new technical, communication, organizational and computer skills. Young filmmakers will combine visual images with sound bytes and musical soundtracks to produce a short film. Co-sponsored with Spy Hop.

**My Play-Doh Lives: Claymation (Age 7-9 & 10-12)**  
Bring your imagination, and your clay, to life in this introduction to animation class. Write, produce, and direct a short claymation piece involving your own hand-built clay figures and set designs. Throughout this exciting process, you will learn to storyboard ideas, film creations, and edit footage, finally bringing life to your inanimate sculptures. Learn to synchronize your clay creations to music and sound effects on the computer. The end product will be a complete claymation piece that will wow friends and family. Your old Play-Doh will never look the same! Co-sponsored with Spy Hop.

**Filmmaking Intensive Workshop (Age 10-12, 12-14, & 14-16)**  
Calling all aspiring actors, directors, cinematographers, and composers. Come spend an intensive week at the Spy Hop Studio pursuing your cinematic dream. Choose one of three tracks (drama, sound engineering, or production) as you work on a pre-selected screenplay. The production team will focus on preparing for the shoot: cinematography, directing, location-scouting, and lighting. The sound engineering team will compose an original score and produce sound effects, and the drama team will focus on acting, prop acquisition, wardrobes, and make-up. Following the completion of the shoot, all three teams will once again converge for the post-production stage to digitally edit their creation. The finished product will be a short five to ten minute film for output to DVD. Here we come, Sundance! Co-sponsored with Spy Hop.

**Game Design Workshop (Age 10-12, 12-14, 14-16)**  
Learn how to create your very own basic Adobe Flash video game! Experience every step of the game making process from concept to play-testing. Design your own characters and environments and bring your game to life with animation, simple game logic and sound effects. Take home a DVD copy of your video game to upload to the Web. Co-sponsored with Spy Hop.
ed creation to share with family and friends. Co-sponsored with Spy Hop.

**Songwriting (Age 13-16)**

Learn to develop your musical and lyrical ideas into what could be a hit song. Topics of discussion will include lyrics, writing, arrangement, song structure and much more. Work with some of Salt Lake’s most prominent songwriters. Learn to compose and record music using various software programs and leave the class with a finished recording of your song. This class is open to all levels of musicianship and no prior songwriting experience is necessary. Co-sponsored with Spy Hop.

**Introduction to Documentary Filmmaking (Age 13-16)**

Truth is stranger than fiction. Turn your idea into a film, and make yourself heard! Learn the steps of writing, directing, and producing a short documentary through a hands-on project that you develop, film, and edit. Documentaries can be informative, entertaining, funny, and vocal. Discover how to make your film effective under the direction of experienced filmmakers. Co-sponsored with Spy Hop.

**Junior Architects (Age 9-11)**

This is your opportunity to show your imagination to the world through architectural design. Draw the different architectural periods and styles while taking sketching field trips around the University of Utah campus. Discover how architects use art, science, history, and basic design to create buildings. Once you’ve covered the basics, you’ll use your imagination and vision to express your unique architectural style through participation in a large group project that will be shared with family and friends at the end of course.

**Senior Architects (Age 11-14)**

This class is 3 hours to allow students to fully immerse themselves in their projects! Draw the different architectural periods and styles while taking sketching field trips around the University of Utah campus. Discover how architects use art, science, history, and basic design to create buildings. Solve difficult design problems and learn how computers can
help you turn your ideas into reality. Use your imagination and vision to express your unique architectural style by participating in a group project at the end of course.

YEART 102-001 • MTWThF, Jun 28-Jul 2 • 1:00-4:00 PM LOCATION: ARCH BLDG, Campus • SLC FEE: $120 + $25 special fee INSTRUCTOR: Charlotte A. Frehner

Fashion Design School (Age 12-18)
Thinking about being a fashion designer? Are you a creative detail-oriented person passionate about innovation and in search of a place to self-express? Explore this field in this five-day workshop and market your new fashion line in a culminating show.

YEART 114-002 • MTWThF, Jul 12-16 • 10:00 AM-1:00 PM LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC FEE: $135 + $80 special fee INSTRUCTOR: Staff

Colors of Mexico (Age 6-12)
Our exhibition, Las Artes De Mexico, is the inspiration for colorful activities, stories, songs and games. Discover white skeletons, green jade and elaborate red costumes dyed with the cochineal bug! We will make works of art inspired by ancient art of the Maya and Aztecs, Mexican folk art and modern art. Become world travelers and discover the beautiful artwork, language and culture of Mexico!

YEART 116-001 • MTWTh, Jul 19-22 • 10:00 AM-12:30 PM LOCATION: Utah Museum of Fine Art, Campus • SLC FEE: $80 + $20 special fee INSTRUCTOR: Megan E. Hallett

Young Curators (Age 9-12)
Learn about cultures from around the world, handle fine art objects, and curate your own display! Have fun in this behind-the-scenes experience and find out about the many different jobs in a museum: artist, archaeologist, curator, and conservator. During the class we will tour the museum, investigate objects and materials, and discover how exhibitions tell a story through hands on art-making.

YEART 117-001 • TWThF, Jul 27-30 • 10:00 AM-12:30 PM LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC FEE: $80 + $20 special fee INSTRUCTOR: Megan E. Hallett

Art Attack (Age 12-18)
Aspiring young artists: Get the chance to explore several forms of contemporary art, and participate in real world critiques and a gallery exhibition of your latest creations. Create a large group project that will be the centerpiece in the culminating Art Attack Show. Receive valuable lessons in line, value, shape, and expression, and learn how to draw anything using triangulation. Try different mediums and media, voicing your opinions, and receiving some in return. Co-sponsored with Higher Ground Learning.

YEART 118-001 • MTWThF, Jul 26-30 • 1:00-4:00 PM LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC FEE: $130 + $60 special fee INSTRUCTOR: HGL Staff

Claymagination (Age 6-9)
Shaped by your imagination and molded with your own hands, clay can be transformed into something amazing. Create your own clay and plasticine sculptures, mugs, pots, bowls, animal figures or any other work of art you can dream up. Glaze, paint and fire your work to produce a dazzling finished product. With a class this hands-on, you’re bound to get messy, so please dress appropriately. Check it out!

YEART 210-001 • MW, Jul 12-21 • 10:00 AM-12:00 PM LOCATION: 75 E 200 S • Bountiful FEE: $49 + $25 special fee INSTRUCTOR: Allie C. Crofts

Finding Your Story (Age 7-11)
Books are paths into other worlds: places where dogs talk, monsters live in closets, and people can breathe underwater. Some kids love accessing these lands, while others think reading is as fun as getting a dental check-up. This workshop is for both groups. It is based around the idea that kids read when they have found books they love, write their own stories, and see reading, not as a chore, but as a treat. This summer Higher Ground Learning invites both ‘readers’ and ‘non-readers’ to spend a week in their imagination and find their story.

YEART 150-001 • MTWThF, Jun 28-Jul 2 • 10:00 AM-1:00 PM LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC FEE: $125 + $60 special fee INSTRUCTOR: HGL Staff
NOTE: Although the workshop’s main emphasis will be increasing kids’ reading ability and enjoyment, there will be some phonic, and grammar instruction.

LOCATION: RED BUTTE RM TBA, Campus • SLC
FEE: $125 + $20 special fee
INSTRUCTOR: Jane C. Myers
NOTE: This section is for ages 9-12.

Intermediate Drawing (Age 9-13)
Sharpen your pencil and get ready to sharpen your drawing abilities! In this course, you’ll work on drawing techniques including line, shape, color and design. By using your inventive mind and a steady hand, you will create amazing works of art in various artistic mediums. As you participate in the drawing exercises and collaborate with others who love drawing as much as you do, your drawing skills will zoom to the next level.

Urban Art I: Spray Paint Manifesto (Age 13-18)
Explore various forms of guerrilla art and how they impact today’s culture in this five-day urban art class. From Shepard Fairey to Banksy, wheat pasting to stencil cutting, delve into all kinds of art born in the streets. Work with local artists throughout the week to discover traditions and techniques used both locally and internationally. Create various kinds of urban art and exhibit your creations at a gallery event that is part of Higher Ground’s Student Art Attacks Program. Co-sponsored with Higher Ground Learning.

Urban Art II: The Art of the Letter (Age 13-18)
Spend seven days exploring the fundamentals of graffiti writing! Work specifically on lettering forms and urban can wielding techniques in preparation for the 2010 Utah Arts Festival (June 24-27), where you will go on-site to share your work and the art of graffiti with the public in an interactive environment. At the festival, work alongside professional community artists, producing custom art for sale, and participating in an ever-changing graffiti wall. No prerequisite required. Co-sponsored with Higher Ground Learning.
Comic Book Art (Age 8-10 & 11-14)
Superheroes. Evil villains. Doomsday machines. The fate of the universe rests in your hands and how you decide to draw it. This exciting course helps you develop your ability to bring to life comic or cartoon figures as you create and illustrate a graphic story. We'll talk about visual character development as well as illustration techniques and storyboarding. Please come to the first class with a concept in mind. You may work in the medium of your choice; please bring the materials appropriate to your medium or we will provide materials in class.

YEART 316-001 • MTWThF, Aug 2-6 • 10:00 AM-12:00 PM
LOCATION: Annex 2003, Campus • SLC
FEE: $90 + $15 special fee
INSTRUCTOR: Bobby E. Cody
NOTE: This section is for ages 10-14.

YEART 317-001 • MTWThF, Jul 12-16 • 10:00 AM-12:00 PM
LOCATION: Annex 1030, Campus • SLC
FEE: $90 + $15 special fee
INSTRUCTOR: Bobby E. Cody
NOTE: This section is for students age 10-14.

Drawing Perspective (Age 12-15)
Challenge your knowledge of art and practice seeing and drawing perspective. Draw buildings and architectural designs in one and two point perspective. Then, use your imagination to design a playground for older kids with different shapes. Design your very own interactive dream room on paper. You will see (and draw) the world differently after this class!

YEART 316-002 • MTWThF, Jul 12-16 • 1:00-3:00 PM
LOCATION: Annex 1030, Campus • SLC
FEE: $90 + $15 special fee
INSTRUCTOR: Bobby E. Cody
NOTE: This section is for ages 8-10.

The Art of Manga (Age 10-14 & 15-18)
Come join the Youth Education Manga Team and delve into the rich artistic history of Japan. We will explore the Art of Manga through the study of different artistic styles and the Japanese language. Learn the techniques used to design and publish this unique Japanese art form. Go behind the scenes and get hands on experience with the various tools and techniques by producing your own Manga. If you are fan of Anime or a rabid reader of Manga, then this is a week you don’t want to miss.

YEART 316-001 • MTWThF, Aug 2-6 • 10:00 AM-12:00 PM
LOCATION: Annex 2003, Campus • SLC
FEE: $90 + $15 special fee
INSTRUCTOR: Bobby E. Cody
NOTE: This section is for ages 11-14.

YEART 317-001 • MTWThF, Jul 12-16 • 10:00 AM-12:00 PM
LOCATION: Annex 1030, Campus • SLC
FEE: $90 + $15 special fee
INSTRUCTOR: Bobby E. Cody
NOTE: This section is for ages 15-18.

Intensive Art Seminar (Age 6-8 & 9-11)
Let your imagination run wild as you use a variety of materials for your artwork. Experiment with charcoal, watercolor, graphite, pastels, acrylic paint and scratch board among other mediums to expand your artistic experience. Take a journey back in time to discuss famous artists and their works. Discuss the concepts of design and color theory. Take what you’ve learned and create your own masterpieces to display in the exhibit on the final day of class. Course content and curriculum is updated each semester so students can continue their artistic progression.

YEART 400-001 • MTWThF, Jul 26-Aug 6 • 1:00-3:00 PM
LOCATION: Annex 1032, Campus • SLC
FEE: $169 + $30 special fee
INSTRUCTOR: Tera K. Hunter
NOTE: This section is for ages 6-8

Screen Printing (Age 9-12)
Discover a new artistic avenue with this exciting class! Learn the tricks of the trade as you dive into one of the most popular ways to show your art to the world. Create designs to print on your own shirts, posters or other art works. Explore various techniques and create multiple images that you can share with others. You can screen print just about anything, so come find out why this particular art is so much fun.

YEART 600-001 • MTWThF, Jul 12-16 • 1:00-3:00 PM
LOCATION: MBH 104, Campus • SLC
FEE: $95 + $20 special fee
INSTRUCTOR: Tera K. Hunter

Lunch Bunch: Comic Book Art and Intermediate Drawing (Age 10-14)
The Lunch Bunch is a way to experience a full day of fun this summer! In the morning you will join our Comic Book Art class and dive into a world of super heroes and super villains. Learn about story boards and character development. Then spend the afternoon honing your drawing skills by focusing on line, shape, color and design. This will help you take your drawing skills to the next level.

YEART 801-001 • MTWThF, Aug 2-6 • 10:00 AM-3:00 PM
LOCATION: Annex 2003, Campus • SLC
FEE: $180 + $30 special fee

NOTE: This class meets with YEART 316-001 and YEART 234-001. Please see class descriptions for more details. Lunch will be supervised. Please bring a lunch from home.
Urban Art

Street art that’s off (and on) the wall designed by me!

I spray it to say it!
CAREERS & HOBBIES

Marco Polo’s Secret Cookbook (Age 10-13)
Learn about international cuisines in a hands-on journey to the four corners of the world. Build Gyosa (pot stickers), make your own pasta from scratch, cook chicken in a Tagine (Moroccan cooking vessel), try some Thai, and much more. We’ll explore the basics, such as measuring, knife skills, and cooking methods, and then devour our creations during the clean up.

YEEMT 011-001 • TWhF, Jul 6-9 • 9:30 AM-12:30 PM
LOCATION: ALUMNI House, Campus • SLC
FEE: $95 + $5 special fee
INSTRUCTOR: Kent W. Thompson

Cooking Magic: Tools and Techniques (Age 10-13)
Become a cooking wizard and learn about gadgets and devices; pots and pans; and the tools, toys and tricks of the trade. This hands-on cooking class will examine the necessities and ‘nice to have’ stuff people have devised to make cooking easier and more fun. Create and eat ‘stackers’, yummy snacks, fruit and vegetable garnishes, pasta and egg dishes, and much more.

YEEMT 015-001 • MTWhThF, Jul 19-22 • 9:30 AM-12:30 PM
LOCATION: ALUMNI House, Campus • SLC
FEE: $95 + $55 special fee
INSTRUCTOR: Kent W. Thompson

What Einstein told his Cook (Age 12-18)
Explore kitchen secrets from making lollipops and fudge to homegrown sourdough. Use science and a variety of media such as baking, sauteing, mixing, whipping, poaching and kneading and then taste and compare your daily creations with other student chefs. Wrap things up by making your very own toothpaste to ensure there is nothing in your teeth as you walk away smiling!

YEEMT 016-001 • MTWhThF, Jun 21-25 • 10:00 AM-1:00 PM
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC
FEE: $125 + $60 special fee
INSTRUCTOR: HGL Staff
NOTE: Cosponsored with Higher Ground Learning located at 380 W. Pierpont Ave.

Kids Are Cooking: Organic Gardening and Cooking Workshop (Age 9-12)
Reconnect with your food and enjoy planting seeds, harvesting vegetables and cooking with fresh ingredients in this class! Develop a passion for organic cooking and ecological gardening in an exciting, hands-on, and tasty way right at the peak of the bountiful summer harvest. Learn about the basics of organic gardening at the University of Utah campus gardens. Visit a local Urban Farm to make the critical connection about where our food comes from and ways to producing food more sustainably. Then, head to the kitchen and make some delicious meals with the ingredients you see and plant in the garden!

YEEMT 018-001 • MTWhThF, Aug 9-13 • 9:00 AM-12:00 PM
LOCATION: ALUMNI House, Campus • SLC
FEE: $115 + $45 special fee
INSTRUCTOR: Nancy Mathieu-Carruthers

Chess Challenges (Age 8-13)
First, learn the moves of this classic game. After the basics, go on to use pins, forks, skewers, tempi, sacrifices, and zwischenzugs to win the game of kings. From the fool’s mate to the scholar’s mate, from beginning to intermediate tournament play, this class improves your technique. Remember, ‘chess makes you smart.’ Intermediate students may take either section.

LOCATION: SLC
FEE: $105 + $35 special fee
INSTRUCTOR: Staff
NOTE: Course is held at Game Night Board Games, 2030 S. 900 E., Suite E, which specializes in European-style board games.

Adult & Child Wilderness Survival Training (Age 10-17)
Get outside and learn hands on some of the skills necessary to survive in an emergency wilderness situation. Topics to be covered in class and field sessions include: Wilderness navigation(map and compass), first aid, preparation
(15 essentials), back-country rescue, and emergency shelter, fire, and stretcher construction. Also lightning, river, slot canyon, animal (bear, cougar, moose, etc.), and insect (spiders, scorpions, bees, etc.) hazards will be investigated. Students will learn in a relaxed team environment.

YEEMS 180-001 • Th, Jun 24 • 6:00-8:00 PM • Annex (see bldg doors for room #), Campus • SLC AND S, Jun 26 • 9:00 AM-5:00 PM • TBA
FEE: $70 + $10 special fee
INSTRUCTOR: Bruce A. Christenson

HIGH SCHOOL

Exploring the Business of Sports & Recreation (Grade 9-12)
Do you love sports? Do wish you could think in that world all the time? Ever thought about making sports your life by working in world of sports and recreation? This summer spend a week looking at careers in sports and recreation. The class will feature a mixture of projects, guest speakers and visits to some of your favorite sports fields.

YEHS 096-001 • MTWThF, Jun 7-11 • 1:00-4:00 PM
LOCATION: Annex 1032, Campus • SLC
FEE: $125 + $60 special fee
INSTRUCTOR: HGL Staff
NOTE: Cosponsored with Higher Ground Learning, located at 380 W. Pierpont Ave.

Geometry (Grade 8-10)
See how geometry applies to real world problems and try your hand at geometric art projects. Solve problems using algebraic spatial and logical reasoning. Study logical structures, geometric constructions, and coordinate geometry. Each class is recommended for one semester math core credit. The two sections should be taken consecutively for a full year of high school credit.

YEHS 201-001 • MTWTh, Jun 14-Jul 8 • 9:30 AM-12:30 PM
AND F, Jul 9 • 1:00-4:00 PM
LOCATION: BU C 206, Campus • SLC
FEE: $182 + $15 special fee
INSTRUCTOR: Paige P. Adams
NOTE: FIRST SEMESTER.

Creative Writing (Grade 9-12)
Practice the craft and art of imaginative writing. Explore the elements of language, form, voice, and style that make up poetry, fiction, and personal essay. Use exercises and models of professional and student writing to stimulate the imagination. Through the workshop process, become sensitive to specific yet constructive commentary. This course may be taken in conjunction with English Literature & Composition for a full year of English credit. (Recommended for one-half English elective high school credit.)

YEHS 102-001 • MTWTh, Jun 14-Jul 8 • 9:30 AM-12:30 PM
AND F, Jul 9 • 1:00-4:00 PM
LOCATION: BU C 301, Campus • SLC
FEE: $182 + $15 special fee
INSTRUCTOR: Karen Waldburger
NOTE: No class July 5; makeup on July 9. Class is one-half credit. ESL students must be fluent in English.

The Creative Path to the College Essay (Age 15-18)
Join Higher Ground for a creative writing class guaranteed to be a boon to students looking to enhance their writing skills for the upcoming school year and get a head start on their college essay. Learn specific strategies for starting a writing assignment and to write more confidently and creatively. Look closely at poetry, spoken word, and fiction, and use this insight to gain ground in your college applications. All students, regardless of their writing level, are welcome to enroll in the workshop. Advanced writers will be accounted for and pushed to succeed in ways appropriate for their needs, with customized reading assignments and writing prompts. *Masters program applicants welcome.

YEHS 106-001 • MTWThF, Aug 9-13 • 3:30-6:30 PM
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC
FEE: $125 + $60 special fee
INSTRUCTOR: HGL Staff
NOTE: Cosponsored with Higher Ground Learning, located at 380 W. Pierpont Ave.
INSTRUCTOR: Paige P. Adams  
NOTE: SECOND SEMESTER.  
No class July 26-29. Prerequisite: Semester 1 or instructor permission.

**Intermediate Algebra (Grade 8-12)**  
Study quadratic equations and their graphs and methods of solving systems of equations. Investigate real number exponents and complex numbers. Develop proficiency with the algebra of polynomials and rational functions. This is a fast-paced course in intermediate algebra (Algebra 2). High school credit may not be available for those entering the 7th or 8th grade. This intensive course is the second year of algebra. Students must have completed a successful year of algebra 1. Each class is recommended for one semester math core credit. The two sections should be taken consecutively for a full year of high school credit.

**YEHS 202-001 • MTWTh, Jun 14-Jul 8 • 9:30 AM-12:30 PM**  
LOCATION: BU C 303, Campus • SLC  
FEE: $182 + $10 special fee  
INSTRUCTOR: Craig S. Barlow  
NOTE: FIRST SEMESTER.  

**YEHS 202-002 • MTWTh, Jul 12-Aug 5 • 9:30 AM-12:30 PM**  
LOCATION: BU C 303, Campus • SLC  
FEE: $182 + $10 special fee  
INSTRUCTOR: Craig S. Barlow  
NOTE: Second Semester. Prerequisite: Semester 1 or instructor permission.

**Precalculus (Grade 9-12)**  
Study relations, functions and their graphs, systems of equations, polar coordinates and complex numbers, conic sections, and exponential and logarithmic functions. Become familiar with graphing technology. Class is recommended for one semester math core credit. The two sections should be taken consecutively for a full year of high school credit.

**YEHS 203-003 • MTWTh, Jun 14-Jul 8 • 1:30-4:30 PM**  
AND Friday, Jul 9, 1:30-4:30 pm  
LOCATION: BU C 303, Campus • SLC  
FEE: $182 + $15 special fee  
INSTRUCTOR: Adella S. Croft  
NOTE: FIRST SEMESTER.

**YEHS 203-004 • MTWTh, Jul 12-Aug 5 • 1:30-4:30 PM**  
LOCATION: BU C 303, Campus • SLC  
FEE: $182 + $15 special fee  
INSTRUCTOR: Adella S. Croft  

**Camp Psychology (Grade 9-12)**  
Study psychology and get high school credit with a ‘summer camp’ attitude. Learn about the biological basis for psychology, learning and memory, personality, and social psychology in a student friendly environment. Use the computer lab for both research and simulated labs. Participate in hands-on activities and build 3-D models.

**YEHS 310-001 • MTWTh, Jul 12-Aug 5 • 1:00-4:00 PM**  
LOCATION: 75 E 200 S • Bountiful  
FEE: $182 + $15 special fee  
INSTRUCTOR: HGL staff  
NOTE: FIRST SEMESTER.  

**SAT/ACT Spring Test Prep Class (Age 15-18)**  
Our SAT/ACT course focuses on providing core strategies that help students make use of their own existing knowledge in order to diagnose and solve test questions successfully. The primary goal is to embed test problems into larger concepts. With this background, students can increase their scores significantly, while enhancing their writing and reading comprehension as well as solidifying important math skills. The course includes an initial and final diagnostic and assessment report to assess performance level, 30+ hours of class time, a complete HGL test prep manual, and supplemental materials.

**YEHS 709-001 • TTh, May 11-Jun 10 • 5:30-7:30 PM**  
AND S, May 29 • 10:00 AM-1:00 PM  
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC  
FEE: $225 + $75 special fee  
INSTRUCTOR: HGL staff  
NOTE: In preparation for the June 5 SAT and the June 12 ACT. Initial diagnostic: Sat, May 8, 10:00 am-1:00 pm. Final diagnostic, Sat, May 29, 10:00 am-1:00 pm. Scholarship opportunities available for qualifying students. Co-sponsored with Higher Ground Learning, located at 380 W. Pierpont.
Legomania

Oh Snap!
I’m becoming someone I’ve only dreamed about.

Summer Built By Me—One Piece at a Time!
Summer SAT Test Prep (Age 14-18)
This intensive two-week test prep course focuses on the SAT exam, providing core strategies that help students make use of their own existing knowledge in order to diagnose and solve test questions successfully. The primary goal is to embed test problems into larger concepts. With this background, students can increase their scores significantly, while enhancing their writing and reading comprehension, as well as solidifying important math skills. The course includes an initial and final diagnostic with assessment reports, 18 hours of class time, an HGL test prep manual, and supplemental materials.

YEHS 710-001 • TTh, Jul 27-Aug 6 • 10:00 AM-12:00 PM
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC
FEE: $275 + $75 special fee
INSTRUCTOR: Staff

YEHS 710-002 • TTh, Aug 10-20 • 10:00 AM-12:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $275 + $75 special fee
INSTRUCTOR: Staff

NOTE: The strategies and content covered in this class are also applicable to the ACT exam. Scholarship opportunities available to qualifying applicants. The test prep courses are intended for high school students or for community adults who are planning to take the SAT. Not available for high school credit. Initial diagnostic, Tuesday, August 10, 10am-1pm. Final Diagnostic, Friday, August 20, 10am-1pm. Co-sponsored by Higher Ground Learning.

ACT Preparatory Course (Grade 10 & Up)
Take the mystery out of the ACT! This course is designed to prepare students for the ACT Reasoning Test required for undergraduate admission by many U.S. universities. Eighteen hours of instruction and testing provided over seven sessions will include a diagnostic test to assess pre-course performance levels and coaching on the writing section. This course will help students identify their strengths and weaknesses, become familiar with and practice all question types found on the ACT, and develop strategies to increase mathematical, reading, English and science reasoning skills. Also included are general test taking strategies to increase testwiseness, suggested remedies for test anxiety, and a full-scale proctored practice test. Course fee includes all materials. This course is intended for high school students or community adults who are planning to take the ACT. Not available for high school credit. Bring a pencil and a calculator to the first class. No homework is required.

YEHS 720-001 • TTh, Jul 27-Aug 17 • 6:00-8:30 PM
LOCATION: BU C 301, Campus • SLC
FEE: $150 + $35 special fee
INSTRUCTOR: Stephen T. Lobo

YEHS 720-002 • TTh, Jul 6-29 • 5:30-8:00 PM
LOCATION: 9875 S 240 W • Sandy
FEE: $150 + $35 special fee
INSTRUCTOR: Jeremy D. Uffens

Study and Test Taking Skills (Age 13-16)
Looking to fine-tune your study skills, acquire cutting-edge test taking techniques, and develop an academic edge? Addressing all learning styles, this class offers a highly innovative curriculum that will show students how to be successful in the classroom and throughout their academic journey. This course is comprised of four units: organization and time-management, maximizing classroom learning, note-taking, and test preparation and test taking. Dynamic group exercises are also incorporated to develop classroom etiquette and to teach the importance of teamwork in academics. Did we mention fun? Our high-energy teachers are far from boring and students will leave Higher Ground Learning inspired to unlock their academic potential. Co-sponsored with Higher Ground Learning, located at 380 W. Pierpont.

LANGUAGE

French and Spanish II are also offered this summer. For class details, go to www.youth.utah.edu.

Intro to Italian (Age 9-11)
Have fun and learn Italian by playing, singing and even meeting some Italian kids your age. Focus on learning activities that will prepare you to travel to Italy and make new friends there. Each session will be self contained and will start with a review of the language and vocabulary needed for the activities the day. We will share traditional and modern songs, nursery rhymes and short cartoons that will connect you to the Italian culture in a natural and entertaining way.

YELAN 520-001 • MTWTh, Jul 26-30 • 10:00 AM-12:00 PM
LOCATION: Annex 1213, Campus • SLC
FEE: $80 + $15 special fee
INSTRUCTOR: Alessandra Deplano
A la inmersion (Age 6-8 & 9-11)
Come have fun learning, playing, singing, dancing, eating, and meeting new people - all in Spanish! Join other students who want to take the plunge and immerse themselves in this popular romantic language. Each day will begin with an instructional session in preparation for the day's activities. As you leave your English behind, you will find your Spanish listening and speaking skills improving in a way that is impossible in the traditional classroom.

YELAN 750-001 • MTWThF, Jun 21-25 • 10:00 AM-12:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $80 + $15 special fee
INSTRUCTOR: Judith C. Perez
NOTE: This section is for ages 6-8.

YELAN 750-002 • MTWThF, Jun 21-25 • 1:00-3:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $80 + $15 special fee
INSTRUCTOR: Judith C. Perez
NOTE: This section is for ages 9-11.

MUSIC

Critter Tunes and Tales (Age 5-7)
Come join us as we explore the songs and stories all about critters. Discover Aesop tales from long ago and the new critter poetry in “It’s a Zoo out There.” From dog tales to “the Music of Chickens,” the result is magical. Enjoy the music and learn the art in this amazingly fascinating class!

YELAN 750-005 • MTWThF, Aug 9-13 • 10:00 AM-12:00 PM
LOCATION: Annex 1213, Campus • SLC
FEE: $80 + $15 special fee
INSTRUCTOR: Judith C. Perez
NOTE: This section is for age 6-8.

YELAN 750-006 • MTWThF, Aug 9-13 • 1:00-3:00 PM
LOCATION: Annex 1213, Campus • SLC
FEE: $80 + $15 special fee
INSTRUCTOR: Judith C. Perez
NOTE: This section is for age 9-11.

Pleasantly Spooky Tales (Age 8-11)
Don’t wait for Halloween! Now is the time for spooky tunes and tales. Have a great time with the macabre mer-riment of haunting tales and spooky music. Come celebrate the eerie with the “Ghost Singer!”

YEMUS 101-001 • MTWThF, Aug 9-13 • 10:00 AM-12:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $85 + $14 special fee
INSTRUCTOR: Brian Fetzer

Rock History (Age 12-15)
Ever wanted to know how we got from Elvis Presley to Jack White and the White Stripes? Or how the Rolling Stones got their sound from a blues singer named Muddy Waters? Come learn about rock and roll from Louis Armstrong to B.B. King, from Elvis to Steven Tyler and more! We’ll write our own blues songs, build a home-made electric guitar, and much more!

YEMUS 100-001 • MTWThF, Jun 21-25 • 10:00 AM-12:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $85 + $14 special fee
INSTRUCTOR: Brian Fetzer

Vocal Basic Training I (Age 12-17)
For anyone who likes to sing and wants an introduction into voice study, this class will bring your performance to the next level. This one-week course will be an intense and fun way to overcome obstacles that are holding you back in performance. We will work on performance techniques, how to audition, choosing the right song for you, overcoming stage fright and finally work towards our own recital on the final day of the class. Please bring at least three pieces you’d like to work on or learn to the first day of class.

YEMUS 101-002 • TWThF, Jul 6-9 • 9:00 AM-12:00 PM
LOCATION: MBH 104, Campus • SLC
FEE: $95 + $30 special fee
INSTRUCTOR: Joan Steinmann

Children’s Opera Workshop (Age 8-11)
Explore a whole new world of music. Combine singing and acting as you work with other students to produce an original opera from a well-known story. Star performer. Music composer. Stage manager. Costume designer. You’ll have the chance to experiment with all the different roles required to put on a performance. At the end of the course you will perform your fantastic opera for family and friends.

YEMUS 417-002 • TWThF, Jul 6-9 • 9:00 AM-12:00 PM
LOCATION: W INST 301, Campus • SLC
FEE: $95 + $30 special fee
INSTRUCTOR: Joan R. Steinmann
INSTRUCTOR: Joan Steinman
NOTE: Please bring three songs you want to learn or polish.

Vocal Basic Training II (Age 12-17)  
Getting ready for an audition? Want to increase your confidence and technical ability in your singing? This class is for anyone who already has some experience performing and wants to take their study of singing even further. Work on expression, portraying a character in each piece, performance psychology and vocal technique. Fine tune your pieces during the week and then participate in a recital on the final day of class. Please bring at least three to four pieces you would like to polish or learn to the first day of class. This class is for intermediate singers.

YEMUS 421-001 • MTWThF,  
Jul 19-23 • 1:30-4:30 PM  
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC  
FEE: $120 + $75 special fee  
INSTRUCTOR: HGL Staff  
NOTE: Cosponsored with Higher Ground Learning, located at 380 W. Pierpont Ave.

Music Camp (Age 9-11)  
Brush up on your music theory and performance skills in a week-long music camp. Explore everything to do with music from music theory to music history and gain all kinds of useful tips on performance skills, instrument recognition, and working with other musicians.

YEMUS 425-001 • MTWThF,  
Jun 21-25 • 1:00-3:30 PM  
LOCATION: 75 E 200 S • Bountiful  
FEE: $95 + $10 special fee  
INSTRUCTOR: Joan R. Steinmann

Music Technology (Age 12-18)  
Have you ever wondered how a synthesizer works? Or how a computer can produce audio? Learn the technology behind everything from microphones to digital audio workstations in this week-long course. Gain the knowledge to make and manipulate any sounds you want and the ability to produce everything from full songs to crazy sound effects. Find out how the physics of sound, instruments, and science can help us to synthesize sounds like a robotic voice or a bass drum. Discover the ins and outs of Ableton Live, allowing you to do everything from DJ a party live from your computer to constructing complex synth sounds.

YEMUS 419-001 • MTWThF,  
Aug 9-13 • 9:30 AM-12:00 PM  
LOCATION: MCD 130, Campus • SLC  
FEE: $95 + $20 special fee  
INSTRUCTOR: Joan Steinman

Guitar Camp For Intermediate and Advanced Students (Age 12-18)  
Develop your mastery of the guitar in an intense workshop. Perform in hands-on improvisation classes and ensembles in guitar or bass. Experience master classes offered by professionals and explore various styles in music appreciation sessions (including CD and video). In addition, expand your understanding of the instrument and its relationship to music through presentations on theory and fret board harmony. Enrollment is open; basic skills and a guitar are required.

YEMUS 900-001 • MTWThF,  
Aug 9-13 • 9:15-3:00 PM  
Aug 13 • 7:00-9:30 PM  
Aug S, Aug 14 • 9:15 AM-12:15 PM  
SW 137, Campus • SLC  
FEE: $255 + $30 special fee  
INSTRUCTOR: Judson S. Armstrong  

PRE-SCHOOL

Pee Wee Picassos (Age 4-5)  
Look, touch, and discover the world through art. Explore various media, learn exciting new techniques, and create future memories with take-home projects. Try your hand at drawing, painting, and sculpture.

YEPRS 009-001 • MTWThF,  
Aug 2-6 • 10:00 AM-12:00 PM  
LOCATION: AEB 136, Campus • SLC  
FEE: $85 + $25 special fee  
INSTRUCTOR: Judson S. Armstrong  
NOTE: Students must be four by first day of class.

Small Fries: Cookin’ in the Kitchen (Age 4-5)  
Want to make cookies or pizza? Preschoolers will turn up the heat to learn new and fun things in the kitchen. From no bake cookies, to juice, to fruit and pizza, experience food ‘hands-on.’ Please inform instructor of any food intolerances the first day. Things may get messy, so dress appropriately!

YEPRS 011-002 • TWThF,  
Jul 6-9 • 1:00-3:00 PM  
LOCATION: AEB 136, Campus • SLC  
FEE: $64 + $20 special fee  
INSTRUCTOR: Sharlene Revie  
NOTE: Student must be four by the first day of class.

Space Aces (Age 4-5)  
Discover amazing facts about stars, planets, comets, meteors, asteroids, and our own earth. Find out how we use rockets and why astronauts wear space suits. Learn about distant galaxies and space travel through active participation. Create space art by using your imagination and inventiveness. Sample space food. Future astronauts, stargazers, and little astronomers, join us for this out-of-this world experience.

YEPRS 009-001 • MTWThF,  
Aug 9-13 • 9:15-3:00 PM  
Aug 13 • 7:00-9:30 PM  
Aug S, Aug 14 • 9:15 AM-12:15 PM  
SW 137, Campus • SLC  
FEE: $255 + $30 special fee  
INSTRUCTOR: Judson S. Armstrong  
**LegoMania (Age 4-5)**
Little learners: participate in hands-on activities and projects using Legos. Explore basic mechanical principles and understand cause and effect through investigative play. Learn about transportation by building different types of vehicles. Use your problem-solving skills to design and make your own zany creation to take home.

YEPRS 023-001 • MTWTh, Jun 14-18 • 10:00 AM-12:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $80 + $25 special fee
INSTRUCTOR: Heidi L. Smith
NOTE: Students must be four by first day of class.

YEPRS 023-002 • MTWTh, Jul 19-22 • 1:00-3:00 PM
LOCATION: AEB 136, Campus • SLC
FEE: $64 + $25 special fee
INSTRUCTOR: Trishelle D. Revie
NOTE: Students must be four by class date.

**Making Art: Mom, Dad, and Me (Age 2-5)**
Back by popular demand: A class for parents and their pre-schoolers or pre-pre-schoolers, ages 2-5! Join us at the UMFA for hands-on art studio experiences inspired by art from our collection. We will create one-of-a-kind paintings, masks, sculptures, and frames for beginning artists, with storytelling, hands-on art objects and strolls through the galleries.

YEPRS 032-001 • TWThF, Jul 6-9 • 10:00 AM-12:00 PM
LOCATION: Campus • SLC
FEE: $80 + $20 special fee
INSTRUCTOR: Megan E. Hallett
NOTE: This is an Adult/Child Pre-school art class. This section covers registration for one adult and one child. Meets at the Utah Museum of Fine Arts.

YEPRS 032-002 • TWThF, Jul 13-16 • 10:00 AM-12:00 PM
LOCATION: Campus • SLC
FEE: $80 + $20 special fee
INSTRUCTOR: Megan E. Hallett
NOTE: Meets at the Utah Museum of Fine Arts.

**Music Maniacs (Age 4-5)**
Learn about musical instrument families: strings, percussion, brass and keyboards. Discover how your voice is an instrument as we explore sound. Play sound games by using your ears to identify instruments and voices. Make a maraca and a kazoo. Move to music as we listen to instruments that play low, high, loud and soft sounds.

YEPRS 048-001 • MTWThF, Jun 28-Jul 2 • 1:00-3:00 PM
LOCATION: AEB 136, Campus • SLC
FEE: $80 + $15 special fee
INSTRUCTOR: Staff
NOTE: Students must be four by first day of class.

YEPRS 048-002 • MTWThF, Jul 19-22 • 9:30 AM-12:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $64 + $15 special fee
INSTRUCTOR: Heidi L. Smith
NOTE: Student must be four by first day of class.

**Pretend Pirates (Age 4-5)**
Argghh Mateys! Come aboard with us and learn all about what it was like to be a pirate. Find out how to read a map and identify symbols as we go on a treasure hunt. Make your own pirate hat, flag, spy glass and miniature pirate ship.

YEPRS 049-001 • MTWThF, Jul 26-30 • 10:00 AM-12:00 PM
LOCATION: AEB 136, Campus • SLC
FEE: $80 + $10 special fee
INSTRUCTOR: Trishelle Revis
NOTE: Students must be four by first day of class.

**Science Investigators (Age 4-5)**
Get your hands messy as we explore and experiment with science together. Learn about sound, weather, colors and why things sink and float. Make your own instrument, kaleidoscope, and airplane.

YEPRS 102-001 • MTWThF, Jun 26-29 • 1:00-3:00 PM
LOCATION: AEB 136, Campus • SLC
FEE: $80 + $10 special fee
INSTRUCTOR: Heidi L. Smith
NOTE: Student must be four by first day of class.

**Science and Math**

**FUNtastic Math (Age 11-14)**
This is not a course to teach math, but to take a trip through the garden of Recreational Mathematics. Learn how to perform amazing magic tricks, be a mind reader and predict the future. Learn secrets of winning at games every time. Enjoy a journey through the infinity of infinities. Find out how to break secret codes and about codes that cannot be broken. Discover how to do complex math problems in your head.

YEPCS 090-001 • MTWTh, Jul 19-22 • 1:00-3:00 PM
LOCATION: WEB 1248, Campus • SLC
FEE: $70 + $15 special fee
INSTRUCTOR: Loren P. Pomeroy

**Hands-on Equations (Age 9-12)**
Form a solid foundation in algebra through a game format. Learn the ‘legal moves’ for solving sophisticated, multi-step equations.
Look Out!
The colorful excitement of Mexico has become a part of me!
YESCI 095-001 • MTWThF, Jul 26-30 • 10:00 AM-12:00 PM LOCATION: 75 E 200 S • Bountiful FEE: $80 + $5 special fee INSTRUCTOR: Candace Peters NOTE: Designed for students who have been in gifted and talented programs.

Mad about Math: Bridging Math to Algebra (Age 11-14)
Get excited about basic algebra concepts. Become familiar with and comfortable using beginning algebra skills you will need in junior high. Learn how to move from concrete to abstract thinking skills and understand algebra in a way you never thought possible.

YESCI 100-001 • MTWThF, Jul 6-9 • 8:30-10:00 AM AND MTWThF, Jul 12-16 • 8:30-10:00 AM LOCATION: OSH 134, Campus • SLC FEE: $110 INSTRUCTOR: Vernon L. Holzer NOTE: For students who have completed the fifth, sixth or seventh grade. Call Youth Education, (581-6984), for instructor contact information and optional placement.

YESCI 100-002 • MTWThF, Aug 2-13 • 8:30-10:00 AM LOCATION: 75 E 200 S • Bountiful FEE: $110 INSTRUCTOR: Michael R. Berry NOTE: For students who have completed the sixth or seventh grade.

Mad about Math: Algebra Plus (Age 12-17)
Get excited about math and its endless possibilities! Stretch your understanding of algebra in a supportive environment. Learn to understand concepts and then move at a fast pace. Hone your algebra skills using problems of logic, in addition to learning how to manipulate equations. (Curriculum corresponds to local school district programming).

YESCI 101-001 • MTWThF, Jul 6-16 • 10:00-11:30 AM LOCATION: OSH 134, Campus • SLC FEE: $110 INSTRUCTOR: Vernon L. Holzer NOTE: For students who have completed grade seven on up. No class M, Jul 5.

YESCI 101-002 • MTWThF, Aug 2-13 • 10:00-11:30 AM LOCATION: 75 E 200 S • Bountiful FEE: $110 INSTRUCTOR: Michael R. Berry NOTE: For students who have completed grade seven on up.

Jump Start Geometry (Age 12-15)
Explore the geometric world of points, lines, angles, triangles, polygons, 3-D figures and basic trigonometry through a variety of hands-on activities using protractors, compasses, and geometric art. Designed to prepare students for an upcoming geometry course.

YESCI 105-001 • MTWTh, Jul 19-22 • 9:00 AM-12:00 PM LOCATION: 9875 S 240 W. Sandy FEE: $95 + $10 special fee INSTRUCTOR: Mark Soltis NOTE: Prerequisite: Algebra I

YESCI 105-002 • MTWThF, Jul 26-30 • 9:30 AM -12:00 PM LOCATION: Annex 2223 FEE: $95 + $10 special fee INSTRUCTOR: Mark Soltis NOTE: Prerequisite: Algebra 1.

Be a Genius at Problem Solving (Age 11-14)
Learn new and different strategies for problem solving. Use real-life algebra, geometry, and trigonometry problems in a relaxed, stress-free setting.

YESCI 102-001 • MTWThF, Jul 26-30 • 1:00-3:00 PM LOCATION: 75 E 200 S • Bountiful FEE: $80 INSTRUCTOR: Candace Peters

The Music of Math (Age 9-12)
Take a fresh new look at the “art” of mathematics. Music and math are a great combination. Find out how to turn math into musical themes. Discover how mathematics is the basis of great music and how mathematical principles can make a difference in the quality of music.

YESCI 110-001 • MTWThF, Jul 12-16 • 10:00 AM-12:00 PM LOCATION: 75 E 200 S • Bountiful FEE: $85 + $14 special fee INSTRUCTOR: Brian Fetzer

Gravity, Relativity, & Flying Sodas (Age 7-11)
Wonder is the seed of knowledge. -Francis Bacon. Have you ever wanted to drop something just to see what would happen? Have you ever been in an airplane and wondered what’s keeping you in the air? Do you wonder if a beach ball and a bowling ball really fall at the same rate? If you answered yes, then come to Higher Ground and break stuff with us. Using a hands-on approach, you’ll understand the theories behind these occurrences. At the end of the workshop, you’ll see the world in a different way, and be able to impress your friends with your Einstein-like genius.
YESC 204-001 • MTWThF, Jun 28-Jul 2 • 1:30-4:30 PM
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC
FEE: $125 + $60 special fee
INSTRUCTOR: Staff
NOTE: Cosponsored with Higher Ground Learning, located at 380 W Pierpont Ave.

Gross Anatomy (Age 7-11)
Barf, Burps, Snot! Why do our bodies do all of the gross things they do? This fun and exciting workshop will explain the systems of our body by talking about everything adults don’t really want to talk about. Spend the week learning things such as how our body makes a scab, where ear wax comes from, why we hiccup, and what spit has to do with taste. You will see the body in a whole new way and we are hoping that you will make lots of wonderful dinner conversation with your parents.

YESC 205-001 • MTWThF, Jul 19-23 • 1:30-4:30 PM
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC
FEE: $125 + $60 special fee
INSTRUCTOR: Staff
NOTE: Cosponsored with Higher Ground Learning, located at 380 W Pierpont Ave.

Math Olympics (Age 7-11)
We’re throwing away the chalkboard and teaching kids to think about numbers in a totally different way. Addition, subtraction, division and multiplication facts are crucial skills to master and many kids have a hard time learning them. While these concepts are often taught through worksheets, we think doing worksheets is as much fun for kids as filling out tax forms is for adults. Research has shown that a better way is to first show the relationship between numbers and then use practice and repetition, not through photocopies, but through active games. This is where we come in. This summer Higher Ground Learning will be hosting the first annual Math Olympics. In this five-day workshop geared toward elementary students, kids will start the day “training,” i.e. learning a math concept. Then, they’ll spend the second half of the day using this knowledge to compete for the gold in our Math Olympics events!

YESC 206-001 • MTWThF, Jul 19-23 • 10:00 AM-1:00 PM
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC
FEE: $125 + $60 special fee
INSTRUCTOR: Staff
NOTE: Cosponsored with Higher Ground Learning, located at 380 W Pierpont Ave.

Nature Studies and Pond Ecology
Art and science come together in the beauty of the outdoors as we create recycled science journals with handmade paper. Join us as we conduct and record experiments at the Sandy pond. Learn about fish adaptations and pond life. Create your own pond life in a bottle and much more.

YESC 210-001 • MTWThF, Jul 12-16 • 9:00 am-12:00 pm
LOCATION: 9875 S. 240 W., Sandy
FEE: $120 + $15 special fee
INSTRUCTOR: Gayle Shuler

Engineering Matters (Age 9-13)
Are you curious about how things work? Learn all about engineering as a career. You may program a robot, learn chemical safety or aerodynamics, build a model bridge, or use computer-aided design. Meet working and student engineers and participate in hands-on engineering activities.

YESC 495-001 • MTWThF, Jun 7-11 • 1:00-3:00 PM
LOCATION: MEB 2325, Campus • SLC
FEE: $80 + $25 special fee
INSTRUCTOR: Prathap Ramamurthy

Tech Town: A Technology Workshop (Age 12-15)
Discover how today’s technology will influence our lives tomorrow. Explore energy, robotics, light, and computer applications. Create your own bit of technology with a solar powered race car. Take field trips to University of Utah facilities and departments to view state-of-the-art working models. Use the Web to research and further your understanding of the technology sites we’ll visit.

YESC 500-001 • MTWThF, Jul 19-22 • 9:00 AM-12:00 PM
LOCATION: Annex 2169, Campus • SLC
FEE: $105 + $30 special fee
INSTRUCTOR: Jason A. Snow
NOTE: This section is for ages 6-9.

Space Academy (Age 6-9 & 9-11)
Explore the cosmos and learn about basic astronomy through art and science. Learn about the sun, planets, moon, stars, galaxies and the universe. Build a comet and create an eclipse. Discover the wonders of science at the Clark Planetarium and see a star show.

YESC 510-001 • MTWThF, Jul 26-30 • 1:00-3:00 PM
LOCATION: Annex 2223, Campus • SLC
FEE: $80 + $25 special fee
INSTRUCTOR: Kent W. Thompson

Clear for Takeoff: Aviation 101 (Age 10-13)
Explore aerodynamics, a little weather, and current trends in aviation. Design and fly a model airplane. Check out computer-based simulator training and take a field trip to Hill Air Force Base. Join us for this hands-on brains-on look at the realities and possibilities of the world of flying, taught by an instructor who has always had his head in the clouds and his feet on the ground.

YESC 505-001 • MTWThF, Aug 2-6 • 9:00 AM-12:00 PM
LOCATION: Annex 2223, Campus • SLC
FEE: $120 + $15 special fee
INSTRUCTOR: Kent W. Thompson
Creature Connection (Age 10-14)
Learn all about companion animals and their behavior. Through presentations and hands-on activities, understand how to care for animals, what the differences are between breeds and species, and how to stay safe around animals. Under the guidance of your trained instructor meet our education pet, who was once a shelter animal. Learn how you can begin to make a positive difference by being a responsible pet owner. We will also explore possible careers with animals.

YESCI 516-001 • TWTh, Jun 22-24 • 9:30 AM-12:30 PM
LOCATION: SLC
FEE: $80 + $5 special fee
INSTRUCTOR: Staff
NOTE: Class is held at the Salt Lake County Animal Services: 511 W 3900 S, SLC 84123.

YESCI 516-002 • TWTh, Jul 27-29 • 9:30 AM-12:30 PM

FEE: $90 + $15 special fee
INSTRUCTOR: April D. Ellison
NOTE: This section is for ages 6-8.

Robotics (Age 12-15)
Use gears, pulleys, motors, and Lego bricks to build working machines and robots. Expand your problem-solving skills as you design, make, and test solutions. Learn how to program, add touch and light sensors for data input, and experiment with controlling a robotic vehicle. Join other student teams in a robotic competition. Those Lego bricks will never look the same!

YESCI 526-001 • MTWThF, Jun 14-18 • 9:30 AM-12:30 PM
LOCATION: MEB 2415, Campus • SLC
FEE: $120 + $45 special fee
INSTRUCTOR: Prathap Ramamurthy
NOTE: Class held in Merrill Engineering Mechatronics lab.

YESCI 526-002 • MTWThF, Jun 21-25 • 9:30 AM-12:30 PM
LOCATION: MEB 2415, Campus • SLC
FEE: $120 + $45 special fee
INSTRUCTOR: Prathap Ramamurthy
NOTE: Class held in Merrill Engineering Mechatronics lab.

Chemistry & Our World (Age 12-15)
Embark on an exciting journey into a world of discoveries. Study the states of matter, kinetic theory, chemical reactions, matter and change, atomic structure, and the periodic table. Experiment with colorful chemical reactions. Come to this awesome class ready to learn how chemistry affects the world around you.

YESCI 614-001 • MTWThF, Aug 9-13 • 1:00-4:00 PM
LOCATION: HEB 1335
FEE: $120 + $15 special fee
INSTRUCTOR: Staff
**SPORTS AND RECREATION**

**Beginning Fencing (Age 8-15)**
Get your pulse racing with the martial art made famous by pirate movies, Zorro, and even Yoda. Learn about foils, basic footwork and attacking skills. Discover defensive moves and how to trick your opponent by fencing with master teachers. The course ends with you showcasing your new abilities in a competition. Please bring a water bottle and wear comfortable clothes and athletic shoes. All protective gear and equipment is provided.

**More Course info on page 37**
Beginning Diving (Age 5-18)

This class is an introduction to the fundamentals of springboard diving. Strong emphasis is placed on developing the basics of approach and entry. Students will utilize the one and three-meter springboards. Instructors will concentrate on developing the mechanics for proper diving techniques in the forward and backward positions. Further skill development in somersaulting and inward dive will be addressed. Students will be divided into ability groups.

Diving 1hr (Age 10-18)

In this class, students will refine their diving skills. Divers continue to perfect the basic mechanics of the takeoff and dive, but greater concentration is placed on learning dives from all five groups and somersaulting in each direction. Additionally, divers have the opportunity to travel to meets and become involved in other activities designed by the team.

Photoshop I (Age 12-15)

Photoshop is a powerful tool that can transform pictures into works of art. Learn basic skills in this introductory Photoshop course needed to restore, manipulate, add special effects, and improve your pictures.

Graphic Art I-Drawing with Technology (Age 10-12 & 13-16)

Want to see the art of the future? Look no further than your computer. This interactive course teaches you how to use technology like scanners and software like Photoshop and Illustrator to create your own art. Enhance hand drawn works or design entirely on the computer - it's up to you. You will even learn how to modify photographs of your friends and family (picture your best friend with elf ears and bug eyes.) Graphic artists use computers to create company logos, CD covers and even framed images hanging in local art galleries – what will you create?
Graphic Art - Drawing with Technology or previous experience with Photoshop and Illustrator.

Digital Photography (Age 12-15)
Digital cameras come loaded with features that can be confusing. Learn to use the most popular features in this hands-on class and then test out these options as we go outdoors and take photos. After we return, we'll check out our photos in the computer lab.

YETEC 060-001 • MTWThF, Jun 14-18 • 9:00 AM-12:00 PM
LOCATION: Annex 2169,
Campus • SLC
FEE: $135 + $15 special fee
INSTRUCTOR: Sallie Shatz
NOTE: This section is for age 13-15.

Platinum 101 (Age 12-18)
Want to be the next Dr. Dre or RZA? Covering all genres, this course is an introduction to the vast world of electronic music production. Using state of the art software and techniques, our goal is to give you a solid foundation from which to launch. Topics that will be covered are sampling, sequencing, song structure, synthesis, sound design, mixing, and rhythm. Students will leave the course with everything they need (skills, software, keys, and headphones) to produce beats all summer long!

YETEC 065-001 • MTWThF, Jul 5-9 • 9:00 AM-12:00 PM
LOCATION: Higher Ground Learning, 380 W Pierpont Ave • SLC
FEE: $120 + $75 special fee
INSTRUCTOR: Staff
NOTE: Each student must provide his/her own laptop. Cosponsored with Higher Ground Learning, located at 380 W. Pierpont Ave.

Movie Maker I (Age 12-15)
Create your own movies right on the computer. Learn how to edit and include only your best scenes. Understand how to effectively use transitions between scenes and then add music and narration. Turn your movie into a DVD to share with family and friends.

YETEC 060-003 • MTWThF, Jun 28-Jul 2 • 9:00 AM-12:00 PM

Flash Animation (Age 12-16)
Interested in learning to create your own cutting-edge animation for your Web page or other multimedia project? Learn how to animate using Flash! This course will give you an introduction to interactive media animation using Macromedia Flash. Create storyboards to plan your animation and learn some of the techniques of working with Flash to create animation for the Web or CD. Topics will include integrating sound with your animations, creating your own drawings, and adding video and simple logic to your animations.

YETEC 100-001 • MTWThF, Jun 21-25 • 1:00-4:00 PM
LOCATION: Annex 2169,
Campus • SLC
FEE: $135 + $5 special fee
INSTRUCTOR: Julie M. Callahan

YETEC 100-002 • MTWThF, Jul 26-30 • 10:00 AM-12:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $95 + $5 special fee
INSTRUCTOR: Lynne M. Bennett

Dreamweaver II (Age 12-16)
Once beyond creating simple Web pages, learn how to use some of Dreamweaver's advanced tools for managing your content to save you time! Templates, logic, navigation button bars, cascading style sheets - all this will be yours when you complete this course!

YETEC 105-001 • MTWThF, Jun 28-Jul 2 • 1:00-4:00 PM
LOCATION: Annex 2169,
Campus • SLC
FEE: $135 + $5 special fee
INSTRUCTOR: Julie M. Callahan

Video Game Programming I with Dark Basic (Age 13-17)
If you've always wanted to create your own video games and never knew how, this class is for you, even if you've never programmed before! DarkBasic is an introductory-level computer programming language that focuses on basic concepts and 2D games. Learn the fundamentals of computer programming, such as bitmaps, sprites, input devices, sound effects, music, and movies. Course cost includes a DarkBasic book with a CD-ROM trial version of the language compiler. Must be 13 by first day of class.

NOTE: Prerequisite: previous experience with Dreamweaver.

YETEC 110-001 • MTWThF, Aug 16-20 • 1:00-4:00 PM
LOCATION: Annex 2169,
Campus • SLC
FEE: $225 + $5 special fee
INSTRUCTOR: Julie M. Callahan

More Course info on page 40
I am taking my high-flying, head-spinning excitement from real life into the digital world. The effects will be mind-boggling!
YETEC 115-001 • MTWThF, Jul 26-30 • 1:00-4:00 PM
LOCATION: Annex 2169, Campus • SLC
FEE: $225 + $5 special fee
INSTRUCTOR: Eva R. Rushton

YETEC 115-002 • MTWThF, Aug 2-6 • 1:00-4:00 PM
LOCATION: Annex 2169, Campus • SLC
FEE: $225 + $5 special fee
INSTRUCTOR: Eva R. Rushton

Video Game Programming II with Dark Basic (Age 13-17)
Expand your video game programming skills. This advanced class will focus more on game planning, code management, and 3D games. Learn the more challenging aspects of programming and use your imagination to create a variety of fantastic games. Must be 13 by first day of class.

YETEC 116-001 • MTWThF, Aug 9-13 • 1:00-4:00 PM
LOCATION: Annex 2169, Campus • SLC
FEE: $225 + $5 special fee
INSTRUCTOR: Eva R. Rushton
NOTE: Prerequisite: Beginning Video Game Programming with Dark Basic.

Build Your Own Adventure (Age 9-12)
Learn to create your own computer adventure story in this exciting and interactive class. Using Hyperstudio, a widely used and age-appropriate multimedia program, discover how to design a ‘choose-your-own-adventure’ story using text, graphics, animation, and sound. Write your own endings and pursue a different path every time.

YETEC 150-001 • MTWThF, Jul 12-16 • 10:00 AM-12:00 PM
LOCATION: Annex 2169, Campus • SLC
FEE: $135 + $5 special fee
INSTRUCTOR: Staff

YETEC 150-002 • MTWThF, Jul 19-22 • 9:00 AM-12:00 PM
LOCATION: 9875 S 240 W • Sandy
FEE: $135 + $5 special fee
INSTRUCTOR: Jayanne E. Unander

Getting Ready for Junior High (Age 11-12)
Get all the tech-savvy you need to handle the extra demands of junior high or middle school and on into high school. Learn how to write, format, and proof your papers in Word and turn in professional looking essays and papers. Create stunning PowerPoint presentations to liven up your oral presentations. Use Excel’s chart and graph making features for science and math classes. We’ll also cover better methods for finding the research you need on the Internet, including how to access the ‘invisible web’ of academic, libraries, and government research databases.

YETEC 200-001 • MTWThF, Jun 21-25 • 9:00 AM-12:00 PM
LOCATION: Annex 2169, Campus • SLC
FEE: $135 + $5 special fee
INSTRUCTOR: Michele Riggs

YETEC 200-002 • MTWThF, Aug 9-13 • 9:00 AM-12:00 PM
LOCATION: Annex 2169, Campus • SLC
FEE: $135 + $5 special fee
INSTRUCTOR: Michele Riggs

YETEC 200-003 • MTWThF, Aug 2-6 • 1:00 PM-4:00 PM
LOCATION: 75 E 200 S • Bountiful
FEE: $135 + $5 special fee
INSTRUCTOR: Candace Peters

Lunch Bunch-Digital Photography and Graphic Art (Age 10-12)
The Lunch Bunch is a fun new way to experience a full day of fun! In the morning learn the ins and outs of digital photography. Experiment with white balance, shutter speed, lens opening, digital zoom and other neat features of your digital camera. Travel to fun places and learn to take great pictures. In the afternoon learn about graphic drawing. Use programs like Photoshop and Illustrator to create your own art. Enhance pictures you have taken, art drawn by hand or art you draw on the computers.

YETEC 800-001 • MTWThF, Jun 14-18 • 9:00 AM-4:00 PM
LOCATION: Annex 2169, Campus • SLC
FEE: $270 + $25 special fee
INSTRUCTOR: Sallie Shatz
NOTE: This class meets with YETEC 60-001 and YETEC 50-002.

STUDY SKILLS

Register for the following classes at the Reid Clinic, located at 2965 East 3435 South, or call 466-4214. Registrations are not accepted through Youth Education.

Reading, Spelling and Language Skills Development Program

The Reid Foundations’s Reading Clinic uses the Exemplary Center for Reading Instruction (ECRI) teaching methods. Students from kindergarten through 12th grade are tested prior to the beginning of summer school and placed in small groups of students based on their reading levels. The students are also tested at the end of the class and a report including pre- and post test scores and activities completed are mailed to the parents.

Reading instruction in the lower reading levels emphasize sound-symbol relationships and phonics; however, key vocabulary words, comprehension, study skills, and writing are taught in all groups appropriate to the students’ reading levels. Penmanship, spelling, grammar, and proofing skills are also taught.

Register for one or more reading, spelling, and language skills classes at the times most convenient for your student. Classes meet daily.

Session 1: Jun 7-25, 15 classes, 8:30-11:00 am, $420 ($28 for a 2.5 hr. class)

Session 2: Jul 6-23, 14 classes, 8:30-10:00 am, $252 ($18 for a 1.5 hr. class)

Session 3: Jul 6-23, 14 classes, 10:30 am-12:00 pm, $252 ($18 for a 1.5 hr. class)

Session 4: Jul 26-Aug 12, 14 classes, 8:30-10:00 am, $252 ($18 for a 1.5 hr. class)

Session 5: Jul 26-Aug 12, 14 classes, 10:30 am-12:00 pm, $252 ($18 for a 1.5 hr. class)

Tutoring for reading/language instruction is available at $40 per hour. Times are arranged as desired.

Computer Keyboarding, Reading, and Spelling Skills

Computer keyboarding, typing, reading, and spelling skills are all taught in these classes. Pre-and post tests allow students to work on needed skills. Students progress at their own rates. Parents are encouraged to join their children in this learning experience without extra charge. IBM PC and compatible computers are used in the instruction. Testing for placement takes place the first day of class.

Session 6: Jun 7-23, Mondays & Wednesdays, 11:15am-12:30 pm, $180, 9 classes ($20 for a 1.25 hr class)

Session 7: Jul 6-23, Mondays & Wednesdays, 12:15-1:30 pm, $160, 8 classes ($20 per class).

Session 8: Jul 27-Aug 16, Mondays & Wednesdays, 12:15-1:30 pm, $96 (6 classes)

Tutoring for mathematics instruction is available at $40 per hour. Times are arranged as desired. Students who register for four or more sessions receive a five percent discount.

Mathematics Skills

Students are pre-tested prior to class for appropriate placement in math classes. Students are taught the basic mathematics skills for their instructional levels. Basic use of numbers with practical applications is stressed. Students are tested again at the end of the course and reports sent home to parents.

Session 9: Jun 8-25, Tuesdays, Thursdays, Fridays, 11:15am-12:30 pm, $180, 9 classes ($20 for a 1.25 hr class)

Session 10: Jul 6-23, Tuesdays, Thursdays, Fridays, 12:15-1:30 pm, $160, 8 classes ($20 per class).

Session 11: Jul 27-Aug 13, Tuesdays, Thursdays, Fridays, 12:15-1:30 pm, $160, 8 classes ($20 per class).
HOW TO REGISTER

1. Online
www.youth.utah.edu
We have a new, updated and improved Youth Education registration system. You will now be able to register several children at the same time. This enables you to add classes for each child and check out once! There are instructions on our Web site. If you have questions, please feel free to call us at (801) 581-6984.

2. By phone
Call 801-581-6984.

3. In person
Pick up a registration form at the Youth Education Office, 1195 Annex Building (Wing A), on the U of U campus. Office hours are 8:00 AM to 5:00 PM, Monday through Friday.

Students can register until the day class begins as long as space permits. Tuition can be paid with cash, check, money order, MasterCard, VISA, American Express or Discover Card. All students will receive a confirmation via email of their official class registration and schedule.

YOUTH EDUCATION POLICIES

REFUNDS:
Refund requests and withdrawal from classes must be made through Continuing Education Youth Education, 1195 Annex Building, (801-581-6984). Parents are responsible for dropping all courses for their children. A 100 percent refund will be given for cancellations up to four days before the first class. Students with a compelling nonacademic and/or personal emergency may petition for an exception to this policy.

CANCELLATION OF CLASSES:
If fewer than the minimum number enroll, the class will be cancelled. Parents will be notified in advance and will receive a full refund.

EARLY ARRIVALS AND LATE COMERS:
Parents need to be prompt in dropping off and picking up students. The University of Utah does not assume responsibility for any child dropped off unattended. Please do not drop off children more than ten minutes before the class begins. If a child is not picked up promptly after class, a late fee of $1 will be charged for every one minute a child is left in the classroom. This does not apply if the delay is due to an emergency. Please contact Youth Education at 801-581-6984 to alert us to any emergency situation.

RAIN POLICY FOR OUTDOOR CLASSES:
If you are not contacted by phone, please do not assume a class has been cancelled due to weather. Please bring your child to the scheduled location. The instructor or staff member will advise you of a backup location or rescheduled date. You will be responsible to transport your child to and from the backup location. Updates will be available at the Youth Education office, call 801-581-6984.

PHOTO RELEASE
Parents/Guardians of registered students grant Youth Education permission to use any photography of or written statements made by the student during any Youth Education program for marketing purposes.

DISCIPLINE POLICY:
Students are expected to abide by the following rules:
1. Follow directions.
2. Show respect with your words and body.
3. Think safety first.

The Youth Education Policy for handling disruptive children is as follows: First, the instructor will discuss the situation with the student; on the second occurrence, the instructor will notify the parent. If the situation continues uncorrected, the Youth Education office will contact the parent and the student may be dismissed with no refund.

PARKING:
Parents and students are expected to abide by parking restrictions at all course locations. For courses on the U of U campus, parents with students under driving age may take a copy of their registration to Parking Services for a parking permit. Vehicles may be ticketed if parked in a restricted area or without a parking permit. Visit the Parking Services website at www.parking.utah.edu or phone 801-581-6415.
Main Campus, Salt Lake City
1901 East South Campus Drive (Annex Building)
Time from exit: 15 minutes

Exit I-15 at 600 South. Head east to 900 East; turn left (north) to 400 South. Turn right (east), to 1580 East; turn left 1/2 block to South Campus Drive. Turn right. The Annex Building is one building east of the domed Huntsman Center, on the left.

Park Building, President’s Circle
Time from exit: 15 minutes

Exit I-15 at 600 South. Head east to 1300 East; turn left (north) to 200 South. Turn right (east); drive 1/2 block to stop sign at University Street. Turn right (south onto University Street) and then take an immediate left (east) into President’s Circle. The Park Building is at the top of the circle.
