

PMP® EXAM PREPARATION (iPMP)

iPMP Exam Prep is designed to prepare students to successfully pass the Project Management Professional exam issued by the Project Management Institute (PMI®). Experience the PMP like never before with a simulated case conducted through our iPad application.

This course is also designed to satisfy the 35 hours of project management education (PDU®) required by PMI® in order to qualify to take the exam. The PMP® is an internationally acclaimed professional credential which will open many doors for those who obtain it!

This **four and one-half day** course prepares attendees to pass the PMP® Exam by helping them understand the following:

1. PMI® Specific Terminology

Learn how PMI® defines and approaches project management.

2. The Five Project Management Process Groups

Understand initiating, planning executing, monitoring and controlling and closing processes within project management.

3. The Ten Project Management Knowledge Areas

Learn about integration, scope, time, cost, quality, human resource, communications, risk, procurement and stakeholder management.

4. The Forty-Seven Project Management Processes

Understand how PMI® defines and relates each of these processes to each other.

5. Test preparation skills

Experience accelerated learning techniques and learn critical test preparation skills that are designed to help you successfully pass the PMP® Exam.

Learn from the best! Milestone Management is a Charter Global Registered Education Provider for PMI®. We have a rating of 95% satisfaction with PMI® – while the average rating of our competitors is 84%.

We teach PMI® specific project management skills from certified PMP® instructors and apply them to an iPad-based case that allows attendees to experience each process and knowledge area.

Most importantly, we help attendees achieve and maintain their certification!
